Pass Through Agreement with Sacramento Regional Transit District for FTA 5307 Funds for Regional On-Board Survey

Issue: The FY 2005/06 Overall Work Program includes FTA 5307 funds for the completion of a regional on-board transit survey. To access those funds, SACOG needs to have a pass through agreement with the Sacramento Regional Transit District.

Recommendation: Receive and file.

Discussion: The 2005/06 Overall Work Program includes a project to conduct an on-board survey of all of the region's transit operators. As part of last year's programming process for Federal Transit Administration funding, the Sacramento urbanized area transit operators agreed to program up to \$307,000 of FTA funds for the completion of that project. This is the first time SACOG has programmed FTA 5307 funds for a regional planning project. SACOG is the lead agency for the project and it is contained in the OWP. The Sacramento Regional Transit District is the designated recipient for FTA 5307 funds in the Sacramento urbanized area. The funds for the survey project were contained in RT's most recent FTA 5307 grant application. In order to receive these funds, SACOG must execute a pass through agreement with RT.

Resolution No. 4-2005 authorizes the Executive Director to execute any and all agreements relating to the official business of SACOG, including, but not limited to, financial accounts, contractual agreements, legal agreements, invoices, and other documents requiring the signature of an official representative of SACOG. SACOG staff is working with Regional Transit staff to develop and execute the required pass through agreement.
