

Item #10

Regional Planning Partnership

March 15, 2007

2007 Project Delivery Plan Update

Issue: 2007 Project Delivery Plan Update.

Recommendation: Receive information on status of 2007 Delivery Plan and participate in discussion of projects, as appropriate.

Discussion: Attached is Receive and File Item #4, provided to the SACOG Board at its March 15th meeting. Also attached is SACOG staff's March 8th e-mail note to Public Works Directors, Transit General Managers, and the Caltrans District 3 Director, announcing the 2007 Delivery Plan Kickoff.

SACOG staff will update the Regional Planning Partnership at its March 22nd meeting and respond to comments. More importantly, staff would like to use this as an opportunity to hear from local agencies about which projects they intend to obligate, including any projects they are planning to advance. Any questions prior to the RPP Meeting should be addressed to Olin Woods (owoods@sacog.org; 916/340-6220).
