Climate & Air Quality Committee

April 29, 2009

Update on the ARB Scoping Plan Progress

Issue: ARB Scoping Plan Progress

Recommendation: None. This item is for your information only.

Discussion: Staff will report on ARB actions that have occurred since the last committee meeting that are part of the Scoping Plan process and which will impact the region. The Scoping Plan and associated documents can be found at <http://www.arb.ca.gov/cc/scopingplan/scopingplan.htm>. April was an important month in this process. The key item was the ARB approval of a Low Carbon Fuel Standard that will reduce the carbon intensity in fuels by 10% by 2020. Other items that were on the agenda were: Public meeting to consider the Small Business Toolkit for Reducing Greenhouse Gases and Public Hearing to Consider the Adoption of a Proposed Regulation for Assembly Bill 118 Air Quality Improvement Program Guidelines. The Board Book for that meeting and further information is available at <ftp://ftp.arb.ca.gov/carbis/board/books/2009/042309/start.pdf>.
