## Regional Planning Partnership

May 20, 2009

### Update on Sacramento Regional Transit District (RT) Phase II Light Rail Extension

**Issue:** On May 8, 2009, Rep. Doris Matsui announced the inclusion of Sacramento South Line Phase II light rail extension project in the President's FY2010 Budget. This action would provide \$40 million for the project in FY 2009-10. This is one of five major capital construction projects to be recommended nationwide. As RT moves forward with this project, it is our understanding that RT may request to use Congestion Mitigation and Air Quality funding as one of the revenue sources to operate the South Line Phase II extension in future years: 2013, 2014, 2015, and 2016.

**Recommendation:** None; this item is for information only.

**Discussion:** This item will be discussed at the meeting.
