

**Item #09-10-2
Action**

Transportation Committee

September 23, 2009

Public Hearing: Approve Amendment #19 to the 2009/12 Metropolitan Transportation Improvement Program

Issue: Should SACOG approve Draft Amendment #19 to the 2009/12 Metropolitan Transportation Improvement Program (MTIP)?

Recommendation: That the Transportation Committee hold a public hearing and then recommend that the Board consider and approve Amendment #19, including any technical edits, at the October Board meeting.

Discussion: Draft Amendment #19 revises and programs federally funded, air quality exempt projects and grouped project listings (lump sums). Projects added to the MTIP will be drawn from Tier 2 of the SACOG ARRA project lists endorsed by the SACOG Board in February and March. Projects included in the amendment will be those that submitted complete requests for authorization along with a lump sum of pavement rehabilitation. The primary purpose of this amendment is to prepare for additional American Recovery and Reinvestment Act (ARRA) funding that may be made available through delivery failure in other parts of the state or country.

Staff will release the amendment for the minimum seven-day public review by September 29 and will e-mail the Transportation Committee the MTIP package prior to the October 1 meeting.

Approved by:

Mike McKeever
Executive Director
