The Vision:

The streets of our region are complete, and people will walk, bicycle or take transit conveniently. Children are safe and healthy, walking and bicycling to school. There will be less traffic, less air pollution, more community connection, and the region will enjoy the health benefits of increased physical activity.

To support this vision, I join the Complete Streets Coalition of Sacramento:

- ***To build broad popular support for “Complete Streets”***
- ***To establish “Complete Streets” transportation policies and procedures to cover both new and existing streets in all the communities of Sacramento County***
- ***To ensure that the streets of the Sacramento region are safe for all users at all times.***
