Key Elements of Planning Scenario

The participants in this group wanted to have affordable housing and preserve a portion of the land for McClellan development. The western half is a mixture of high-rise apartments, horizontal and vertical mixed-use, and medium lot housing. Meanwhile, they changed the eastern half from the existing heavy industrial to light industrial. Specific features of the plan include:

- High-rise housing and mixed-use employment in south section
- Medium, and small lot housing in southeast corner

Resulted in the following changes from base case:

- Capacity for 17,300 more employees
- Capacity for 10,300 more dwelling units
- Improved land use mix from 9 to 3 employees per dwelling unit
