Key Elements of Base Case

The participants in this group focused on two major arteries: the Union Pacific Railroad line and Route 99. Next to the railway where light rail is anticipated, they placed high-rise mixed-use housing. Along Rt. 99 they planned a large and medium lot single-family housing community adjacent to retail. Most important to the group was the removal of all billboards advertising liquor. Specific features of the plan include:

- Offices on Fruitridge Rd.
- Library and parks on 29th Ave.

Resulted in the following changes from base case:

- Capacity for 600 more employees
- Capacity for 700 more dwelling units
- Improved land use mix from 7 to 3 employees per dwelling unit
