Dear Ms. Kays,

I am pleased to submit the Sacramento Metropolitan Air Quality Management District's application for SACOG's Air Quality Funding Program. The SMAQMD is submitting this application on behalf of the El Dorado County Air Quality Management District, Placer County Air Pollution Control District and the Yolo-Solano Air Quality Management District. We are also coordinating our request with the Placer County Transportation Planning Agency and the El Dorado County Transportation Commission to ensure the appropriate funds can be earmarked to the proper agencies.

The air districts of the Sacramento region are requesting \$1,200,000 in federal Congestion Mitigation and Air Quality Improvement (CMAQ) funding for the two-year funding cycle. The money would be used to help fund the regional Spare The Air program during the summers of 2007 and 2008. The air districts will enter into agreements to provide the necessary local match over the next few months.

If you have any questions regarding this application or require additional documentation please contact Jim Jester at (916) 874-4817 or jjester@airquality.org.

Sincerely,

for Larry Greene
Air Pollution Control Officer
