Attention: Peter Kang

Dear Mr. Kang:

SACOG, using the authority delegated to it by Caltrans, approves Administrative Modification # 04 to the SACOG 2025-28 Metropolitan Transportation Improvement Program (MTIP). This constitutes an administrative modification to the Federal Statewide Transportation Improvement Program (FSTIP). The changes are consistent with the FSTIP Amendment and Administrative Modification Procedures. The approved changes will not impact SACOG’s financial constraint or the region’s air quality conformity.

The SACOG Board has delegated the authority to approve administrative modifications to SACOG staff. Further, administrative modifications do not require the approval of Caltrans, the Federal Highway Administration, or the Federal Transit Administration. And, since administrative modifications do not require public review, the changes are now included in California’s 2025 FSTIP.

If you have any questions, please contact Jackie Kahrs at jkahrs@sacog.org.

Sincerely,

Clint Holtzen

Project Description

In Yolo County, access to services for Yolo County’s most underserved communities can be challenging and occurs for many reasons. Those in rural settings are impacted by limited resources, including limited transportation and underfunded infrastructure, further isolating residents. This project will engage community members in rural and urban areas countywide with culturally and linguistically responsive outreach opportunities to receive community input which will inform the County on what gaps they identify in service attainment to develop higher quality access to resources. Through this concerted outreach and engagement effort the goal is to make an impact on outcome disparities in Yolo County. The outreach and engagement will utilize the Yolo County Office of Education’s Roadmap to the Future needs assessment to address the various issues relating to mobility and access and improve service delivery for opportunities already offered in Yolo County. Additional input on other community-raised concerns will also be received. The County’s strategic partnership with community-based organizations: Health Education Council and RISE, Inc. will provide an expansive countywide reach that touches urban and rural settings and includes residents from many diverse factions of the broader community..
