Call to Update Projects – 2015/18 Metropolitan Transportation Improvement Program

Issue: What questions does the Partnership have regarding the recent call to update projects for inclusion in the 2015/18 MTIP?

Recommendation: None. This is for information only.

Discussion: SACOG staff emailed the attached memo to project sponsors requesting that all projects in the current MTIP be updated to either be carried forward into the 2015/18 MTIP or be marked completed, deleted, or delayed.

The deadline for submittals is April 25, 2014.

Please update all MTIP projects for the adoption of the new 2015/18 Metropolitan Transportation Improvement Program (MTIP). Instructions and project lists are attached to help guide you in this process.

Submittals for the 2015/18 MTIP are due 5 p.m., April 25, 2014.

The MTIP adoption is also the next opportunity to revise project completion dates and model them for air quality conformity. Changes submitted now will be modeled for air quality conformity and can expect approval by December 17, 2014. Once SACOG has begun modeling projects, the opportunity will have passed to make certain changes to the project list.

Each project must be updated. If a sponsor does not update its projects, they will not be automatically carried over. A lack of response may result in an agency's project(s) not being included in the MTIP.

If you have any questions, please contact José Luis Cáceres via e-mail at jcaceres@sacog.org or by calling (916) 340-6218.

Thank you in advance for your assistance.
