

SACOG Board of Directors

Item #12-12-12 Consent

November 29, 2012

Adopt Resolution Limiting Health FSA Salary Reductions to \$2,500

Issue: A Plan amendment is necessary to limit the Health Flexible Spending Account (FSA) salary reductions from \$3,500 to \$2,500 per year.

Recommendation: The Government Relations & Public Affairs Committee recommends that the SACOG Board of Directors adopt the attached resolution to amend the SACOG Health FSA as required by the Internal Revenue Code to reduce the annual reductions from \$3,500 to \$2,500.

Committee Action/Discussion: The Government Relations & Public Affairs Committee unanimously recommended approval of the amendment to comply with Internal Revenue Code. Section 9005 of the Patient Protection and Affordable Care Act (“PPACA”) amends Internal Revenue Code section 125 to cap Health FSA salary reduction elections *for the taxable year beginning January 1, 2013*, at \$2,500. The IRS subsequently issued Notice 2012-40, which provides clarification and guidance regarding Section 9005 of PPACA.

Currently the Plan limits the Health Flexible Spending Account to \$3,500. An amendment is necessary to comply with the Internal Revenue Code limits.
