Item #16-2-13
Receive and File

January 28, 2016

Update on the Cap-and-Trade Affordable Housing Sustainable Communities Program

Issue: What is the status of the Strategic Growth Council's Affordable Housing Sustainable Communities Program (AHSC)?

Recommendation: This is a Receive & File item. There will not be a staff presentation.

Discussion:

The Strategic Growth Council (SGC) will release its Notice of Funding Availability (NOFA) and Concept application by January 29 for the AHSC program. This statewide program targets projects that facilitate the reduction of GHG emissions by improving mobility options, increasing infill development, and protecting agricultural land from sprawl development, with \$320 million available competitively. Final Guidelines for this program were released on December 7, 2015 and were approved by the SGC Board on December 17, 2015. Full program guidelines may be found at https://www.sgc.ca.gov/s_ahscprogram.php. Details related to the NOFA and application can be found at https://www.sgc.ca.gov/s_ahscprogram.php.
