

**Item #13-10-1A  
Information**

**Shared Services & New Initiatives Task Force**

October 8, 2013

**Travel Demand Forecasting & General Plan Services**

**Issue:** Staff will update the Task Force on work with local jurisdictions on Travel Demand Forecasting & General Plan Services support to date.

**Discussion:** SACOG has continued to work with City of Woodland staff and consultants on the update, although at a reduced level. As the project team moves to develop future alternatives, SACOG will provide support on an as-needed basis.

SACOG has been providing technical review of the consultant work on the Jackson Highway Corridor Traffic Impact Study.

Planning work for focus groups of member agency staff to explore ideas for packaging Travel Demand Forecasting & General Plan shared services has begun.
