Reporting and Paying the Value of Employer Paid Member Contributions for FY 2013/14

Issue: Should the Board approve a resolution for reporting and paying the value of employer-paid member contributions (EPMC) for FY 2013/14?

Recommendation: That the Government Relations & Public Affairs Committee recommend that the Board approve the resolution for reporting and paying the value of employer paid member contributions for FY 2013/14, for both retirement tiers.

Discussion: During the development of the FY 2010/11 budget, SACOG's Employees Association (EA) agreed to a number of cost saving measures to address the financial challenges facing SACOG. One of the cost saving measures was an agreement to participate in increasing CalPERS retirement costs.

Under the amended Memorandum of Understanding (MOU), employees are required to pay 100 percent of the annual increase in SACOG's employer contributions to CalPERS, which is 0.063 percent for FY 2013/14. (The employees' increase is capped at 1 percent, but the annual increase is below that amount. Management and the Employees Association have identified the need to clarify the MOU language relating to changes in the CalPERS contribution rates and the operation of the cap; of course, any clarifications would be subject to Board approval.) Therefore, effective July 1, 2013, SACOG's employer paid member contributions will be reduced to 5.10 percent for Tier I employees and 4.10 percent for Tier II employees.

Pursuant to California Code of Regulations section 571(a)(1), SACOG is required to adopt a resolution or ordinance when the EPMC rate changes. The attached resolution fulfills the regulatory requirement.
