February 27, 2014

2013/2014 Regional Program of Projects for the Federal Transit Administration's Section 5311 Funds

Issue: SACOG, working with the three eligible rural transit operators, has prepared the FY 2013/2014 Regional Program of Projects for Federal Transit Administration (FTA) 5311 rural transit funding. The program will be submitted to Caltrans upon Board approval.

Recommendation: That the Transportation Committee recommend that the Board approve the FY 2013/2014 FTA Section 5311 Program of Projects (POPs) based on transit operator submissions.

Discussion: The FTA Section 5311 program provides funding for public transportation in non-urbanized areas. The FTA apportions funds for non-urbanized areas to the states according to a statutory formula based on each state's population in non-urbanized areas (under 50,000 population). The funds are available to the state for obligation for the year of apportionment plus two additional years.

In California, 75 percent of these funds are apportioned to the Regional Transportation Planning Agencies (RTPAs) for the support of non-urbanized public transportation. Ten percent of the funds are set aside in a state reserve, and 15 percent of the funds are set aside for the support of intercity bus transportation. Funds apportioned to RTPAs must be included in the State Program of Projects submitted by Caltrans to FTA. The State Program contains POPs adopted by each RTPA.

In the SACOG region, three public transportation providers are currently eligible to apply for FTA Section 5311 funds. Funds are apportioned to these transit providers based on a policy adopted by the SACOG Board in December 1998. The policy distributes these funds to the providers based on their share of the non-urbanized population denoted in the most recent decennial census (2010 Census).

The FY 2013/2014 FTA Section 5311 apportionment for the SACOG region is \$1,110,943. The POPs will show how Yuba-Sutter Transit, the Yolo County Transportation District, and Sacramento County's South County Transit/Link programs will use these funds in their operating and capital budgets. The Placer County Transportation Planning Agency and the El Dorado County Transportation Commission complete FTA Section 5311 POPs for the respective counties they serve as RTPAs.

After the FY 2013/2014 FTA Section 5311 POP for the SACOG region is approved, the SACOG region's RTPA transit operators can apply for the funds to use for rural transit services.

Statewide Transportation Improvement Program (STIP) –

All federal funds to be used for transit projects must be included in a federally approved STIP. A Transportation Planning Agency (TPA) must ensure that Section 5311 projects are included in the Department of Transportation’s (Department) Statewide Transportation Federal Improvement Program (FSTIP), which is jointly approved by the Federal Highway Administration (FHWA) and FTA.

A copy of the federally approved STIP Page must be attached for all projects to be programmed through the Section 5311 program. The project description and associated dollar amounts must be consistent with the federally approved STIP information.

Metropolitan Planning Organizations (MPOs) are responsible for programming projects within their jurisdiction. Upon receiving the POPs from the Districts, Rural Transit & Procurement staff will submit **Non-MPO / Rural Transportation** organizations projects directly to the Department’s Division of Transportation Programming for inclusion into the FSTIP.

For further guidance see the Department’s Division of Transportation Programming website:
