Project Tracking Database Services

Issue: Should SACOG initiate a competitive bid process for transportation project tracking database services and during this period extend the existing sole-source contract for the current services with EcoInteractive, Inc.?

Recommendation: That the Transportation Committee recommend that the Board (1) release a Request for Qualifications (RFQ) for project tracking database services, (2) extend an existing sole-source contract with EcoInteractive, Inc. for four months at a cost of \$13,656 to continue the SACTrak project tracking database services during the competitive bid process, and (3) authorize the CEO to negotiate a new contract with the selected consultant at the end of the competitive bid process.

Discussion: In August 2013, the Board authorized SACOG staff to extend a sole source contract with EcoInteractive, Inc. for six months while staff developed a competitive bid process for project tracking software used by SACOG to manage the projects that comprise the Metropolitan Transportation Improvement Program (MTIP). The new agency procurement procedures adopted in June 2013 were an important consideration in deciding to launch a competitive bid process for the project tracking software. Based on initial staff analysis completed this fall, it was determined that a competitive bid process could not successfully conclude by March 1, when the existing sole source contract with EcoInteractive expires. Extending the sole source contract through June 30 allows for additional analysis of project tracking database user needs and will ensure that adequate implementation time is available if a new vendor is selected.

For nearly ten years, EcoInteractive has hosted the project tracking database they initially developed. Known as SACTrak, the project tracking database software is proprietary and is similar to the tool used by other metropolitan planning organizations elsewhere in the State. SACTrak provides a critical link between the local project sponsors and SACOG staff via a web-based interface that allows registered users to add and modify projects intended for inclusion in the MTIP. SACTrak also maintains a historical record of revisions to the database and all past projects. Included in the database are features that allow direct interaction with state and federal funding databases. SACTrak provides staff with the ability to generate many reports required to support the management of the programs.

Attachment A is the proposed RFQ to be used in the competitive bid process. Staff recommends a not-to-exceed \$250,000 funding level, to be executed as a three-year contract with the vendor providing a bid for two one-year extensions. By comparison, extension of the current contract over the same three-year period would cost approximately \$180,000. Advertising at a higher rate than the existing contract level would cover start-up costs for new software and functionality that includes two potential enhancements to the existing software. The first enhancement would allow the sharing of the underlying database information with other planning software, such as Urban Footprint. The second proposed enhancement would expand the use of Geographic Information Systems (GIS) and provide for a map-based interface for depicting project locations and gathering existing information contained in SACOG GIS systems.

I. INTRODUCTION

The Sacramento Area Council of Governments (SACOG) is a voluntary association of governments. Member jurisdictions include: the County of Sacramento (including the cities of Citrus Heights, Elk Grove, Folsom, Galt, Isleton, Rancho Cordova and Sacramento); the County of Yolo (including the cities of Davis, West Sacramento, Winters, and Woodland); the County of Sutter (including the cities of Live Oak and Yuba City); the County of Yuba (including the cities of Marysville and Wheatland); Placer County (including the cities of Auburn, Colfax, Lincoln, Rocklin, Roseville and Town of Loomis) and El Dorado County (including the City of Placerville).

The Sacramento Area Council of Governments (SACOG) is seeking qualified vendors to provide a Commercial Off The Shelf (COTS) application and potential hosting services that would allow SACOG to track and monitor projects contained, or proposed to be contained, in its Federally funded Metropolitan Transportation Improvement Program (MTIP). In addition to the MTIP projects, SACOG plans to track projects of regional significance or of general interest as determined by SACOG in its Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS, long range transportation plan). The COTS application could be provided to SACOG through Software As A Service (SAAS), direct purchase or as an open source application. Many hosting options exist, ranging from contracted hosted services to hosting on existing SACOG servers in a VM Ware environment. The duration of this contract for services is anticipated to be 3 years with the potential for two, one-year extensions, at SACOG's discretion.

II. BACKGROUND

SACOG is the designated metropolitan planning organization (MPO) for the Counties of Sacramento, Sutter, Yolo, and Yuba, and for Placer and El Dorado Counties except for the Lake Tahoe Basin. To receive federal or state funding, projects nominated by cities, counties, and agencies must be consistent with the Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS).

The MTP/SCS is the long-range transportation plan that identifies various constraints in the metropolitan transportation system and proposes solutions to those constraints. The MTP/SCS sets policies to guide transportation decisions and proposes a financially constrained plan of capital, operational, and management improvements needed by 2035.

The MTIP is the short range transportation improvement program that lists all projects that are federally funded or regionally significant. Amendments and administrative modifications are typically made monthly to align the project listing with changes in scope, delivery schedule, and sources of funding.

III. PROJECT SUMMARY AND DESCRIPTION

SACOG would either operate the Project Tracking database application on its internally operated and maintained servers (VM Ware environment), or contract for a platform on which the

application would reside. SACOG is looking for an application that will enable users to interact with the application via a web based interface, allowing registered users the ability to submit new projects and provide the ability to review and modify all projects already in the system specific to their own sponsoring agency.

Concepts under consideration include a web based map interface or display depicting the projects contained in a user selectable MTIP or MTP view. This map interface could either be created after the database has been populated or could be an early step in project creation/modification by utilizing the information gathered from mapping data or from the existing Geographic Information System (GIS) data located on the SACOG servers. In addition it is envisioned that all approved and active data in the system, might be made available for sharing with outside applications in a standard database format, including any GIS data associated with the mapping of the project(s) that might differ from data already contained in SACOG's systems.

Users would be required to be approved and authorized by SACOG before accessing the website beyond a basic account request screen. Upon approval, users will be assigned access privileges by the SACOG administrator; such privileges will be modifiable by the SACOG administrator at any time. All accounts will be password protected and will not be required to have expiring passwords. Through the use of hierarchical set of user permissions, or selectable account attributes, SACOG administrators will be able to limit users both internally and externally to a reduced set of database fields allowable for viewing and modification within the project database.

Approved users from outside of SACOG will be able to input data on projects they desire to be included in the MTIP or MTP approval process. The regional agency user will input basic core data associated with the project for consideration and possibly the creation of a database relationship to a depiction on a map based interface. Once adequate information has been entered, the user should have the ability to save their work, generating an automatic notice to be sent via email to the SACOG program administrator(s) notifying them of a pending new project submittal. Once submitted for SACOG Administrator approval, the file may not be available for modification by users of the system until it has been approved for inclusion by the SACOG administrator. It would also be possible for an existing project to be split into separate projects and the database would then treat each sub-project, as a "new project" which would be initially populated with originating project information.

The projects contained in the database should gather necessary data to allow the database to gather information specific to each project from State of California and Federal funding databases. This gathering of external funding agency data could be initiated by a SACOG administrator on a project specific basis and any updates to those external funding databases would not be updated without re-initiation of the process by a SACOG administrator. The application should provide the ability to upload and download information from each of the listed databases and have the capability to be easily modified to accept data from other sources as they are developed and implemented. External databases of importance at the present time include:

- California Transportation Improvement Program System (CTIPS)
- Federal Highway Administration (FHWA) Fiscal Information Management System (FMIS)
- Federal Transit Administration (FTA) Transportation Electronic Award and Management database (TEAM)

The underlying database system would hold all data and maintain historical records of modifications for the duration of the contract. These historical and modification records may not be fully available for viewing by users of a status lower than system administrator. The availability of summary reports could be automatically generated for all new and modified work completed since the last report requested and emailed to the administrator.

The database should be capable of being populated with data from the existing SACOG database. The schema required to translate the existing database field information into the new database will be developed by the new vendor and approved by SACOG prior to importing the existing database information. The existing data will be provided in an electronic format and will contain a key to aid in determining the translation of the data fields.

SACOG will use the application to manage the Region's funding programs and as such will require the software to generate reports to support these activities. It is anticipated that 20 custom reports will be required to meet these requirements. In addition the application should allow for direct exporting of data associated with each specific project or grouping of projects.

IV. MINIMUM CONSULTANT QUALIFICATIONS

Brief descriptions of past projects relevant to each of the tasks should be identified and submitted. The past projects must have been completed by the consultant team member that proposes to do the work under this RFQ.

oral interviews. Previous clients may also be called. The panel will make recommendations to the SACOG Chief Executive Officer (CEO) on the basis of the SOQ, oral interview, and reference check. SACOG reserves the right to select a consultant based solely on written SOQs and not convene oral interviews.

Upon receipt of the SOQs, a technical evaluation will be performed. Each of the major sections of the SOQ will be reviewed and evaluated with criteria designed to help judge the quality of the SOQ. In determining which proposal is most advantageous, SACOG will award the contract to the proposer whose SOQ offers the best value. Evaluation criteria will include:

- Understanding of the background and requirements of the project.
- Capabilities of the existing COTS software and estimation of modification effort required to meet current user needs.
- The overall and technical approaches to be followed and the tasks to be performed, including detailed steps and resources required and proposed project schedule.
- The relative allocation of resources, in terms of quality and quantity, to key tasks including the time and skills of personnel assigned to the tasks and consultant's approach to managing resources and project output.
- Cost analysis and justification.
- Education and experience of proposed personnel

In addition, the participation of qualified Disadvantaged Business Enterprise (DBEs) in this project is strongly encouraged. (See Section VIII.G. above.)

The panel members will evaluate written SOQs to develop a "short list" of qualified firms. Oral interviews may be held with short-listed firms, and references may be contacted for any or all of the short-listed firms. The short-listed firms will then be ranked and the ranking will be forwarded to the SACOG CEO. If the CEO agrees with the panel's recommended ranking, staff will negotiate a contract, scope of work, and final cost with the top ranked firm. Final approval of the negotiated scope and contract by the SACOG Board of Directors will be required.

XII. PAYMENT SCHEDULE

The consultant will be paid in arrears, based upon the payment schedule agreed to in the contract. The consultant should forward a copy of all invoices for payment for work performed and associated expenses by the 15th day of the following month. At SACOG's discretion, SACOG may withhold ten percent (10%) of the payments until the successful completion of the project and the delivery and acceptance of all final products.

its invoice by SACOG of any circumstances or data identified by SACOG in Contractor's written billing which would cause withholding of approval and subsequent payment. Contractor shall be paid within thirty (30) days after SACOG approval of each billing; however, SACOG, at its own discretion, may withhold at least ten percent (10%) of each invoice until the successful completion of the scope of work and the delivery and acceptance by SACOG of all final products. Said billings shall indicate the number of hours worked by each of Contractor's personnel and reimbursable costs incurred to the date of such billing since the date of the preceding billing, if any. Contractor, its officers, employees, agents, and subcontractors, if any, shall have no power to bind or commit SACOG to any decision or course of action, and shall not represent to any person or business that they have such power. Contractor has and shall retain the right to exercise full control of the supervision of the services and work and over the employment, direction, compensation and discharge of all persons assisting Contractor in the performance of services under this Agreement. Contractor shall be solely responsible for all matters relating to the payment of its employees, including but not limited to compliance with social security and income tax withholding, workers' compensation insurance and all regulations governing such matters.

8. Termination:

a. SACOG shall have the right to terminate this Agreement for any reason, with or without cause, at any time, by giving Contractor fifteen (15) days written notice. Such payment shall be in accordance with Section 6. However, if this Agreement is terminated because the work of Contractor does not meet the terms or standards specified in this Agreement, then SACOG shall be obligated to compensate Contractor only for that portion of Contractor's services which is of benefit to SACOG.

9. Assignment: The parties understand that SACOG entered into this Agreement based on the professional expertise and reputation of Contractor. Therefore, without the prior express written consent of SACOG, this Agreement is not assignable by the Contractor either in whole or in part.

13. Contractors and Subcontractors: Contractor shall not subcontract any portion of the work without the prior express written authorization of SACOG. If SACOG consents to a subcontract, Contractor shall be fully responsible for all work performed by the subcontractor.

Contractor shall pay all costs and expenses that may be incurred by SACOG in enforcing this indemnity, including reasonable attorneys' fees. The provisions of this Section shall survive the expiration, termination, or assignment of this Agreement.

The failure of SACOG to enforce at any time the provisions of this Agreement or to require at any time performance by the Contractor of these provisions, shall in no way be construed to be a waiver of such provisions nor to affect the validity of this Agreement or the right of SACOG to enforce these provisions.

20. Litigation: Contractor shall notify SACOG immediately of any claim or action undertaken by it or against it that affects or may affect this Agreement or SACOG, and shall take such action with respect to the claim or action as is consistent with the terms of this Agreement and the interests of SACOG.

22. Americans with Disabilities Act (ADA) of 1990: By signing this Agreement, Contractor assures SACOG that it complies with the Americans with Disabilities Act (ADA) of 1990 (42 U.S.C. § 12101, et seq.), which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA.

SACOG prohibits discrimination by its employees, contractors and consultants.

Contractor assures SACOG that it complies with, and that Contractor will require that its subcontractors comply with, the following non-discrimination and equal opportunity laws. Any failure by Contractor to comply with these provisions shall constitute a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as SACOG may deem appropriate.

- a. Contractor and its subcontractors will comply with all applicable federal and state employment laws and regulations including, without limitation, the provisions of the California Fair Employment and Housing Act (Government Code § 12900, et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, § 7285.0, et seq.). The applicable

regulations of the Fair Employment and Housing Commission implementing Government Code §§ 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full. Contractor and its subcontractors will give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.

- d. Contractor will include the non-discrimination and equal employment opportunity provisions of this section (provisions a. through c. above) in all contracts to perform work funded under this Agreement.

25. Union Organizing: By signing this Agreement, Contractor hereby acknowledges the applicability of Government Code § 16645 through § 16649 to this Agreement, excluding § 16645.2 and § 16645.7.

- a. Contractor will not assist, promote, or deter union organizing by employees performing work on this Agreement if such assistance, promotion, or deterrence contains a threat of reprisal or force, or a promise of benefit.

- b. Contractor will not meet with employees or supervisors on SACOG or state property if the purpose of the meeting is to assist, promote or deter union organizing, unless the property is equally available to the general public for meetings.

26. Debarment, Suspension, and Other Responsibilities: Contractor certifies and warrants that neither the Contractor firm nor any owner, partner, director, officer, or principal of Contractor, nor any person in a position with management responsibility or responsibility for the administration of funds:

- e. Contractor shall complete the Debarment Certification Form, attached hereto as Exhibit B.

27. Conflicts of Interest: Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with SACOG's interest. During the term of this Agreement, Contractor shall not accept any employment or engage in any consulting work that would create a conflict of interest with SACOG or in any way compromise the services to be performed under this Agreement. Contractor shall immediately notify SACOG of any and all potential violations of this paragraph upon becoming aware of the potential violation.

28. Political Reform Act Compliance: Contractor is aware and acknowledges that certain contractors that perform work for governmental agencies are "consultants" under the Political Reform Act (the "Act") (Government Code § 81000, et seq.) and its implementing regulations (2 California Code of Regulations § 18110, et seq.). Contractor agrees that any of its officers or employees deemed to be "consultants" under the Act by SACOG, as provided for in the Conflict of Interest Code for SACOG, shall promptly file economic disclosure statements for the disclosure categories determined by SACOG, to be relevant to the work to be performed

under this Agreement and shall comply with the disclosure and disqualification requirements of the Act, as required by law.

29. Prohibition of Expending State or Federal Funds for Lobbying:

a. Contractor certifies, to the best of his or her knowledge or belief, that:

- (1) No State or Federal appropriated funds have been paid or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of any State or Federal agency, a Member of the State Legislature or United States Congress, an officer or employee of the Legislature or Congress, or any employee of a Member of the Legislature or Congress in connection with the awarding of any State or Federal contract, the making of any State or Federal grant, the making of any State or Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any State or Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or any employee of a Member of Congress in connection with this Federal Agreement, the Contractor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

b. This certification is a material representation of fact upon which reliance was placed when this Agreement was entered into. Submission of this certification is a prerequisite for making or entering into this Agreement imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

c. Contractor also agrees by signing this Agreement that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000, and that all such sub-recipients shall certify and disclose accordingly.

30. Disadvantaged Business Enterprise (DBEs) Participation: This Agreement is subject to Title 49, Part 26 of the Code of Federal Regulations (CFR) entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation (DOT) Financial Assistance Programs." DBE's and other small businesses, as defined in Title 49 CFR Part 26, are encouraged to participate in the performance of agreements financed in whole or in part with federal funds; however, DBE participation is not a condition of award. In any event, Contractor shall complete the DBE Information Form attached to this Agreement as Exhibit "C" so that SACOG may compile statistics for federal reporting purposes.

- a. Non-Discrimination: Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Agreement. Contractor or subcontractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor or subcontractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as SACOG may deem appropriate. Each subcontract signed by Contractor in the performance of this Agreement must include this nondiscrimination clause.
- b. Prompt Payments to DBE and Non-DBE Subcontractors:
- (1) Contractor agrees to pay each subcontractor under this Agreement for satisfactory performance of its contract no later than 30 days from the receipt of each payment Contractor receives from SACOG. Any delay or postponement of payment from the above-referenced time frame may occur only for good cause following written approval of SACOG. This clause applies to both DBE and non-DBE subcontracts.
 - (2) Contractor agrees to return retainage payments to each subcontractor within 30 days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above-referenced time frame may occur only for good cause following written approval of SACOG. Pursuant to 49 CFR Section 26.29, a subcontractor's work will be deemed satisfactorily completed when all the tasks called for in the subcontract have been accomplished and documented as required by SACOG. If SACOG makes an incremental acceptance of a portion of the work hereunder, the work of a subcontractor covered by that acceptance will be deemed satisfactorily completed. This clause applies to both DBE and non-DBE subcontracts.
 - (3) The foregoing requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies otherwise available to Contractor or subcontractor in the event of a dispute involving late payment or non-payment to the Contractor or deficient subcontract performance or noncompliance by a subcontractor.
- c. Records: Contractor shall maintain records of all subcontracts entered into with certified DBE subcontractors and records of materials purchased from certified DBE suppliers. The records shall show the name and business address of each DBE subcontractor or vendor and the total dollar amount actually paid each DBE subcontractor or vendor. The records shall show the date of payment and the total dollar figure paid to all firms. Upon completion of the contract, a summary of these records shall be prepared and submitted to SACOG.

- d. Termination of a DBE: In conformance with 49 CFR Section 26.53:
- (1) Contractor shall not terminate a listed DBE subcontractor unless Contractor has received prior written authorization from SACOG's Project Manager. SACOG's Project Manager will authorize termination only if the Project Manager determines that Contractor has good cause to terminate the DBE subcontractor. As used in this Section, "good cause" includes those circumstances listed in 49 CFR Section 26.53(f)(3).
 - (2) Prior to requesting SACOG's authorization to terminate and/or substitute a DBE subcontractor, Contractor shall give notice in writing to the DBE subcontractor, with a copy to SACOG, of its intent to request termination and/or substitution, and the reason for the request. The DBE subcontractor shall have five days to respond to the Contractor's notice and state the reasons, if any, why it objects to the proposed termination of its subcontract and why SACOG should not approve the Contractor's action. SACOG may, in instances of public necessity, approve a response period shorter than five days.
 - (3) If a DBE subcontractor is terminated or fails to complete its work for any reason, Contractor shall be required to make good faith efforts to replace the original DBE subcontractor with another DBE.
- e. DBE Certification and Decertification: If a DBE subcontractor is decertified during the life of the contract, the decertified subcontractor shall notify Contractor in writing with the date of decertification. If a subcontractor becomes a certified DBE during the life of the contract, the subcontractor shall notify Contractor in writing with the date of certification. Contractor shall then provide to the Project Manager of SACOG written documentation indicating the DBE's existing certification status.
- f. Noncompliance by Contractor. Contractor's failure to comply with any requirement of this Section is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as SACOG may deem appropriate.

Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this section.

31. Campaign Contribution Disclosure: Contractor has complied with the campaign contribution disclosure provisions of the California Levine Act (Government Code § 84308) and has completed the Levine Act Disclosure Statement attached hereto as Exhibit "D."

33. Governing Law and Choice of Forum: This Agreement shall be administered and interpreted under California law as if written by both parties. Any litigation arising from this Agreement shall be brought in the Superior Court of Sacramento County.

34. Integration: This Agreement represents the entire understanding of SACOG and Contractor as to those matters contained herein and supersedes all prior negotiations, representations, or agreements, both written and oral. This Agreement may not be modified or altered except in accordance with Section 12.

35. Severability: If any term or provision of this Agreement or the application thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision to persons or circumstances other than those to which it is invalid or unenforceable, shall not be affected thereby, and each term and provision of this Agreement shall be valid and shall be enforced to the fullest extent permitted by law, unless the exclusion of such term or provision, or the application of such term or provision, would result in such a material change so as to cause completion of the obligations contemplated herein to be unreasonable.

36. Headings: The headings of the various sections of this Agreement are intended solely for convenience of reference and are not intended to explain, modify, or place any interpretation upon any of the provisions of this Agreement.

37. Authority: Each person signing this Agreement on behalf of a party hereby certifies, represents, and warrants that he or she has the authority to bind that party to the terms and conditions of this Agreement.

38. Ownership; Permission:

- a. Contractor agrees that all work products, including but not limited to, notes, designs, drawings, reports, memoranda, and all other tangible personal property produced in the performance of this Agreement, shall be the sole property of SACOG, provided that Contractor may retain file copies of said work products. Contractor shall provide said work products to SACOG upon request.
- b. Contractor represents and warrants that: (i) all materials used or work products produced in the performance of this Agreement, including, without limitation, all computer software materials and all written materials, are either owned by or produced by Contractor or that all required permissions and license agreements have been obtained and paid for by Contractor; and (ii) SACOG is free to use, reuse, publish or otherwise deal with all such materials or work products except as otherwise specifically provided in Exhibit "A." Consultant shall defend, indemnify and hold harmless SACOG and its directors, officers, employees, and agents from any claim, loss, damage, cost, liability, or expense to the extent of any violation or falsity of the foregoing representation and warranty.

39. Counterparts: This Agreement may be executed in multiple counterparts, each of which shall constitute an original, and all of which taken together shall constitute one and the same instrument.

Background

The term “Disadvantaged Business Enterprise” or “DBE” means a for-profit small business concern as defined in Title 49, Part 26.5, Code of Federal Regulations (CFR). It is the policy of the Sacramento Area Council of Governments (SACOG), the California Department of Transportation (“Caltrans”), and the U.S. Department of Transportation that DBE’s have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal transportation funds. A certified DBE may participate in the performance of SACOG contracts as a contractor, subcontractor, joint venture partner, or as a vendor of material or supplies.

Requirements and Purpose of Form

The awardee shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Even if no DBE participation will be reported, the awardee shall check the “No DBE Participation” option below (Option #1), and sign and return this form.

Resources

The California Unified Certification Program (CUCP) may be used for DBE certification and to identify firms eligible to participate as DBE’s. The CUCP database may be accessed on-line at <http://www.californiaucp.com> If you believe a firm is certified but cannot locate it in the CUCP database, you may contact the CalTrans Office of Certification toll free number 1-866-810-6346 for assistance. California Government Code Section 84308

- (a) The definitions set forth in this subdivision shall govern the interpretation of this section.
- (1) "Party" means any person who files an application for, or is the subject of, a proceeding involving a license, permit, or other entitlement for use.
 - (2) "Participant" means any person who is not a party but who actively supports or opposes a particular decision in a proceeding involving a license, permit, or other entitlement for use and who has a financial interest in the decision, as described in Article 1 (commencing with Section 87100) of Chapter 7. A person actively supports or opposes a particular decision in a proceeding if he or she lobbies in person the officers or employees of the agency, testifies in person before the agency, or otherwise acts to influence officers of the agency.
 - (3) "Agency" means an agency as defined in Section 82003 except that it does not include the courts or any agency in the judicial branch of government, local governmental agencies whose members are directly elected by the voters, the Legislature, the Board of Equalization, or constitutional officers. However, this section applies to any person who is a member of an exempted agency but is acting as a voting member of another agency.
 - (4) "Officer" means any elected or appointed officer of an agency, any alternate to an elected or appointed officer of an agency, and any candidate for elective office in an agency.
 - (5) "License, permit, or other entitlement for use" means all business, professional, trade and land use licenses and permits and all other entitlements for use, including all entitlements for land use, all contracts (other than competitively bid, labor, or personal employment contracts), and all franchises.
 - (6) "Contribution" includes contributions to candidates and committees in federal, state, or local elections.
- (b) No officer of an agency shall accept, solicit, or direct a contribution of more than two hundred fifty dollars (\$250) from any party, or his or her agent, or from any participant, or his or her agent, while a proceeding involving a license, permit, or other entitlement for use is pending before the agency and for three months following the date a final decision is rendered in the proceeding if the officer knows or has reason to know that the participant has a financial interest, as that term is used in Article 1 (commencing with Section 87100) of Chapter 7. This prohibition shall apply regardless of whether the officer accepts, solicits, or directs the contribution for himself or herself, or on behalf of any other officer, or on behalf of any candidate for office or on behalf of any committee.
- (c) Prior to rendering any decision in a proceeding involving a license, permit or other entitlement for use pending before an agency, each officer of the agency who received a contribution within the preceding 12 months in an amount of more than two hundred fifty

dollars (\$250) from a party or from any participant shall disclose that fact on the record of the proceeding. No officer of an agency shall make, participate in making, or in any way attempt to use his or her official position to influence the decision in a proceeding involving a license, permit, or other entitlement for use pending before the agency if the officer has willfully or knowingly received a contribution in an amount of more than two hundred fifty dollars (\$250) within the preceding 12 months from a party or his or her agent, or from any participant, or his or her agent if the officer knows or has reason to know that the participant has a financial interest in the decision, as that term is described with respect to public officials in Article 1 (commencing with Section 87100) of Chapter 7. If an officer receives a contribution which would otherwise require disqualification under this section, returns the contribution within 30 days from the time he or she knows, or should have known, about the contribution and the proceeding involving a license, permit, or other entitlement for use, he or she shall be permitted to participate in the proceeding.

- (d) A party to a proceeding before an agency involving a license, permit, or other entitlement for use shall disclose on the record of the proceeding any contribution in an amount of more than two hundred fifty dollars (\$250) made within the preceding 12 months by the party, or his or her agent, to any officer of the agency. No party, or his or her agent, to a proceeding involving a license, permit, or other entitlement for use pending before any agency and no participant, or his or her agent, in the proceeding shall make a contribution of more than two hundred fifty dollars (\$250) to any officer of that agency during the proceeding and for three months following the date a final decision is rendered by the agency in the proceeding. When a closed corporation is a party to, or a participant in, a proceeding involving a license, permit, or other entitlement for use pending before an agency, the majority shareholder is subject to the disclosure and prohibition requirements specified in subdivisions (b), (c), and this subdivision.
- (e) Nothing in this section shall be construed to imply that any contribution subject to being reported under this title shall not be so reported.
