

**Item #12-8-3  
Action**

**Transportation Committee**

July 26, 2012

**Funding of Transit Projects Using Proposition 1B Transit – Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) Funds**

**Issue:** Should funding be approved for PTMISEA transit projects?

**Recommendation:** That the Transportation Committee recommend that the Board approve including \$73,627 in PTMISEA local funding for the Elk Grove Automated Farebox Upgrade Project; authorize the Chief Executive Officer, or designee, to sign and submit a revised funding application; and amend the subrecipient funding agreement for this project.

**Discussion:** With Board approval (Resolution 49 - 2009), SACOG submitted a funding request of \$800,000 for an Automated Farebox Upgrade Project for the City of Elk Grove using PTMISEA regional funds allocated to SACOG. Subsequently, the City of Elk Grove has requested adding their FY2009 and FY2010 PTMISEA local fund allocations to this project. The scope of the project will be expanded to include a Genfare Interface (GFI) and reporting module.

Generally, local funds are combined with PTMISEA regional funds at the time of the initial funding request, but with the expanded project scope, the local funds need to be added after the initial funding request. This authorization is needed to conform to the state guidelines and requirements for PTMISEA funds and does not have any impact on SACOG's capacity to fund projects with PTMISEA regional funds.

Approval authorizes SACOG to add these local funds to the funding request previously submitted to the Caltrans' Division of Mass Transportation and to execute an amendment to the subrecipient funding agreement with the City of Elk Grove.

Approved by:

Mike McKeever  
Chief Executive Officer
