Request for Proposals for Transportation Development Act Performance Audits for Transit Operators and SACOG

Issue: Issuance of Request for Proposals (RFP) for three required triennial Transportation Development Act (TDA) performance audits.

Recommendation: That the Transportation Committee recommend that the Board authorize the Chief Executive Officer (CEO) to execute contracts with the chosen consultant(s) for SACOG and transit operator performance audits.

Discussion: SACOG plans to release the RFPs for three required triennial Transportation Development Act (TDA) performance audits by the end of August 2012. Section 99246 of the California Public Utilities Code requires a triennial performance audit for all transit operators and for the Regional Transportation Planning Agency under the Transportation Development Act to evaluate the efficiency, effectiveness, and economy of operation of each entity being audited. Staff has prepared three RFPs: one for the audits of six operators: Yolo County Transportation District, City of Davis Transit Services, Yuba-Sutter Transit Authority, South Sacramento Transit Service, e-tran/Elk Grove Transit, and Folsom Stage Line; one for the audits of the Sacramento Regional Transit District and Paratransit, Inc.; and one for SACOG's TDA performance audit.

The RFPs will be released to an extensive list of transportation consulting firms. Selection panels made up of SACOG staff and the transit service representatives will convene to score the proposals based on the criteria set forth in the RFPs. After a consultant or consultants are chosen, the CEO will award and execute the contract(s).
