### **2016 MTP/SCS Update: Draft Work Plan**

**Issue:** Identification of major milestones and deliverables for the 2016 update of the Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS).

**Recommendation:** None. This item is for information.

**Discussion:** In preparation for the 2016 MTP/SCS, staff has developed a draft work plan that identifies strategies, general audience for the update, outcomes, major work program areas, and a schedule of deliverables and milestones. This draft work plan will be revised over the next few months to respond to feedback provided by the SACOG Board as we move through issue identification and exploration. In addition, staff will develop a policy framework for the SACOG Board to adopt at the end of the year.

At the committee meeting, staff will present on key decision milestones in the update schedule and walk through how they relate to major building blocks of the plan update.
