Government Relations & Public Affairs Committee Information

August 29, 2014

2016 Metropolitan Transportation Plan/Sustainable Communities Strategy Outreach Update

Issue: Staff is conducting outreach for the 2016 Metropolitan Transportation Plan/Sustainable Communities Strategy (2016 MTP/SCS).

Recommendation: None; this is for information only.

Discussion: In October, staff will be conducting eight public workshops for the 2016 MTP/SCS update. A draft list of workshop locations was brought to all committees during the last committee cycle for input. Upon completion of the committee cycle, staff began work to secure locations. A verbal update on the workshop locations and times will be provided to all committees.

One outreach strategy for the 2016 MTP/SCS Public Workshops is electronic communication. Attachment A is a working list of contacts in the region we will work with to get residents to workshops. We are seeking Board input on additional contacts, and will be requesting Board member support in reaching out to local stakeholders via electronic communications. Staff will also leverage the connections we have via the stakeholder sounding board to broaden our outreach to many sectors.

Continuing with our commitment to hold quarterly sounding board meetings, staff will conduct a meeting of the sounding board on Friday, September 19, at 11 a.m. at West Sacramento City Hall. The summary of outcomes from the sounding board will be included in the October Board committee cycle.

Approved by:

Mike McKeever
Chief Executive Officer
