

Bicycle & Pedestrian Advisory Committee

April 17, 2014

SACOG Six-County Regional Active Transportation Program Working Group

Issue: Who should serve on the SACOG Six-County Regional Active Transportation Program (ATP) Working Group?

Recommendation: Discussion and recommendation.

Discussion: Staff is seeking the Bicycle & Pedestrian Advisory Committee's recommendation for members of the SACOG Six-County Regional ATP Funding Round Working Group (Working Group).

On April 14, 2014, SACOG emailed regional partners a request for nominees to serve on the Working Group. The Working Group composition is outlined in SACOG's approved ATP Guidelines (Guidelines) for the Metropolitan Planning Organization (MPO) Funding Round. Members must be available to review all applications prior to meeting with the group, and to participate in approximately three meetings during the week of August 11-15, 2014. The list of nominees and suggested working group members will be provided at the meeting for recommendation.

The SACOG Board approved the ATP Guidelines for the MPO Funding Round and authorized staff to submit Guidelines to the California Transportation Commission for action. These Guidelines, once approved, will authorize SACOG's Chief Executive Officer to issue the final Guidelines and Call for Projects on May 22, 2014.
