

**Item #16-4-7
Information**

Land Use & Natural Resources Committee

March 24, 2016

Blueprint Implementation Activities

Issue: Update on land use activities.

Recommendation: None. This item is for information only.

Discussion: Since adoption of the SACOG Blueprint approximately 11 years ago, the agency maintains a Blueprint implementation program to support local and regional implementation of the Blueprint principles. Activities carried out in this program are described in the Overall Work Program and summarized as follows: review and comment on major developments and their alignment to Blueprint principles; educational presentations on the Blueprint; provision of data and/or technical support to member agencies implementing the Blueprint; and maintenance of the Blueprint website. SACOG also coordinates with other area Joint Powers Authorities (JPAs) and transit districts that frequently comment on development proposals. Activities resulting in letters, public testimony or presentation are reported in the monthly CEO report that goes to the SACOG Board.

Staff will give a verbal update to the Committee on recent Blueprint implementation activities.
