

SACOG Board of Directors

Item #17-8-7
Action

August 10, 2017

Consideration of Senate Bill 3

Issue: Should SACOG take a position on Senate Bill (SB) 3?

Recommendation: As the Government Relations and Public Affairs Committee did not meet, this item is coming forward as an action item for full Board consideration.

Discussion: SB 3 (Beall), the Affordable Housing Bond Act of 2018, would authorize a \$3 billion general obligation bond to be placed on the November 2018 General Election statewide ballot for voter approval. Bond sales would fund affordable housing programs and infill infrastructure projects.

Staff recommends support for SB 3, as it would provide much-needed funding for cities and counties in the SACOG region, help implement the region's Sustainable Communities Strategy, and is consistent with SACOG's adopted strategy to provide new funding for affordable housing. By bonding upfront on capital projects, SB 3 is anticipated to have a direct and indirect economic impact of \$24.5 billion, and generate another \$1.1 billion in local and state tax revenue.

Since the elimination of redevelopment agencies, and the expenditure of prior housing bond revenues, statewide public funds for affordable housing are at historic lows, with at least \$1 billion less available annually statewide. The League of California Cities reports that federal investments in housing programs have been cut between 50-77% from 2005 to 2015.

Prior to summer recess which began July 21, legislative leaders and the Governor announced their intent to pass a comprehensive package of housing legislation after they return August 21. The Legislature adjourns September 15, so there are just four weeks to conclude all legislative business. As of this writing, there are no specific details about the housing legislation package, though it is expected to include policies to streamline approval of affordable housing in addition to funding.

Similar to statewide bond measures in 2002 and 2006, bond proceeds from SB 3 would be allocated to existing affordable housing rental and homeownership programs, as well as to support infill development projects. Funding would be distributed as follows:

1. \$1.5 billion to the existing Multifamily Housing Program to assist in the construction, rehabilitation, and preservation of permanent and transitional rental housing for persons with incomes of up to 60% of the area median income.
2. \$200 million for transit-oriented development, upon appropriation by the Legislature, through the existing Transit-Oriented Development Implementation Program, to cities,

counties, and transit agencies for the provision of the infrastructure necessary for the development of higher density uses within close proximity to a transit station and loans for the planning and development of affordable housing within one-quarter mile of a transit station.

3. \$300 million to the Regional Planning, Housing, and Infill Incentive Account for infill infrastructure financing grants, upon appropriation by the Legislature, for new construction and rehabilitation of infrastructure that supports high-density affordable and mixed-income housing in locations designated as infill for:
 - a. Park creation, development or rehabilitation to encourage infill development;
 - b. Water, sewer, or other public infrastructure costs associated with infill development;
 - c. Transportation improvements related to infill development projects; and
 - d. Traffic mitigation.
4. \$300 million for farmworker housing, continuously appropriated, pursuant to the existing Joe Serna, Jr. Farmworker Housing Grant Fund. This program finances the new construction, rehabilitation, and acquisition of owner-occupied and rental units for agricultural workers, with a priority for lower-income households.
5. \$300 million for matching grants to the Local Housing Trust Matching Grant Program, upon appropriation by the Legislature.
6. \$300 million for the Self-Help Housing Fund to provide direct, forgivable loans for mortgage assistance of which \$30,000 shall be used to provide grants or forgivable loans to assist in the rehabilitation or replacement of existing mobile homes.
7. \$100 million to the Building Equity and Growth in Neighborhood Program (BEGIN) for grants to qualifying cities, counties, or cities and counties for down payment assistance to qualifying first-time home buyers or low- and moderate-income home buyers purchasing newly constructed homes in a BEGIN project.

Additionally, SB 3 allows the state Department of Housing and Community Development to provide up to \$30,000 in technical assistance (per jurisdiction) to counties or cities with a population of 150,000 or fewer, or developers of affordable housing, to facilitate the construction of housing for the target population for programs funded by the Multifamily Housing Program, Joe Serna Jr. Farmworker Housing Program, and the CalHome Program. Technical assistance includes engineering assistance and environmental review related to an affordable housing project and reimbursement of administrative costs related to developing a grant proposal.

SB 3 has broad support from California Association of Councils of Governments, California Building Industry Association, California State Association of Counties, League of California Cities, and numerous housing development and advocacy organizations. The only opposition on record is from Howard Jarvis Taxpayers Association.

SB 3 is before the Assembly Rules Committee, pending a hearing. Attached is the current text of SB 3.

(Coauthor: Assembly Member Kalra)

December 5, 2016

An act to add Part 16 (commencing with Section 54000) to Division 31 of the Health and Safety Code, relating to housing, by providing the funds necessary therefor through an election for the issuance and sale of bonds of the State of California and for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 3, as amended, Beall. Affordable Housing Bond Act of 2018.

Under existing law, there are programs providing assistance for, among other things, emergency housing, multifamily housing, farmworker housing, home ownership for very low and low-income households, and downpayment assistance for first-time home buyers. Existing law also authorizes the issuance of bonds in specified amounts pursuant to the State General Obligation Bond Law and requires that proceeds from the sale of these bonds be used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, and housing-related parks.

This bill would enact the Affordable Housing Bond Act of 2018, which, if adopted, would authorize the issuance of bonds in the amount of \$3,000,000,000 pursuant to the State General Obligation Bond Law. Proceeds from the sale of these bonds would be used to finance various existing housing programs, as well as infill infrastructure financing and affordable housing matching grant programs, as provided.

This bill would provide for submission of the bond act to the voters at the November 6, 2018, statewide general election in accordance with specified law.

This bill would declare that it is to take effect immediately as an urgency statute.

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: yes.

State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature finds and declares all of the
2 following:

3 (a) California is experiencing an extreme housing shortage with
4 2.2 million extremely low income and very low income renter
5 households competing for only 664,000 affordable rental homes.
6 This leaves more than 1.54 million of California's lowest income
7 households without access to affordable housing.

8 (b) While homelessness across the United States is in an overall
9 decline, homelessness in California is rising. In 2015, California
10 had 115,738 homeless people, which accounted for 21 percent of
11 the nation's homeless population. This is an increase of 1.6 percent
12 from the prior year. California also had the highest rate of
13 unsheltered people, at 64 percent or 73,699 people; the largest
14 numbers of unaccompanied homeless children and youth, at 10,416
15 people or 28 percent of the national total; the largest number of
16 veterans experiencing homelessness, at 11,311 or 24 percent of
17 the national homeless veteran population; and the second largest
18 number of people in families with chronic patterns of homelessness,
19 at 22,582 or 11 percent of the state's homeless family population.

20 (c) California is home to 21 of the 30 most expensive rental
21 housing markets in the country, which has had a disproportionate
22 impact on the middle class and the working poor. California
23 requires the third highest wage in the country to afford housing,
24 behind Hawaii and Washington, D.C. The fair market rent, which

1 indicates the amount of money that a given property would require
2 if it were open for leasing, for a two-bedroom apartment is \$1,386.
3 To afford this level of rent and utilities, without paying more than
4 30 percent of income on housing, a household must earn an hourly
5 “housing wage” of \$26.65 per hour. This means that a person
6 earning minimum wage must work an average of three jobs to pay
7 the rent for a two-bedroom unit. In some areas of the state, these
8 numbers are even higher.

9 (d) Low-income families are forced to spend more and more of
10 their income on rent, which leaves little else for other basic
11 necessities. Many renters must postpone or forgo home ownership,
12 live in more crowded housing, commute further to work, or, in
13 some cases, choose to live and work elsewhere.

14 (e) California has seen a significant reduction of state funding
15 in recent years. The funds from Proposition 46 of 2002 and
16 Proposition 1C of 2006, totaling nearly \$5 billion for a variety of
17 affordable housing programs, have been expended. Combined with
18 the loss of redevelopment funds, \$1.5 billion of annual state
19 investment dedicated to housing has been lost, leaving several
20 critical housing programs unfunded.

21 (f) High housing costs and the shortage of housing stock in
22 California directly affect the future health of California’s economy
23 and, given the staggering numbers indicated above, bold action is
24 necessary. Investment in existing and successful housing programs
25 to expand the state’s housing stock should benefit California’s
26 homeless and low-income earners, as well as some of the state’s
27 most vulnerable populations, including foster and at-risk youth,
28 persons with developmental and physical disabilities, farmworkers,
29 the elderly, single parents with children, and survivors of domestic
30 violence. Investments should also be made in housing for Medi-Cal
31 recipients served through a county’s Section 1115 Waiver Whole
32 Person Care Pilot program and family day care providers.

33 (g) Investment in housing creates jobs and provides local
34 benefits. The estimated one-year impacts of building 100 rental
35 apartments in a typical local area include \$11.7 million in local
36 income, \$2.2 million in taxes and other revenue for local
37 governments, and 161 local jobs or 1.62 jobs per apartment. The
38 additional annually recurring impacts of building 100 rental
39 apartments in a typical local area include \$2.6 million in local

1 income, \$503,000 in taxes and other revenue for local governments,
2 and 44 local jobs or .44 jobs per apartment.

3 (h) California has 109 federally recognized tribes and 723,000
4 residents with Native American ancestry, the largest number of
5 tribes and residents in the United States. Due to historic dislocation
6 and lack of housing choices, most do not live on tribal lands and
7 those who do live in severely substandard, overcrowded homes
8 lacking quality water and sewer services at rates greater than the
9 general population.

10 SEC. 2. Part 16 (commencing with Section 54000) is added to
11 Division 31 of the Health and Safety Code, to read:

28 part, the Department of Housing and Community Development
29 may provide technical assistance to eligible counties and eligible
30 cities, or developers of affordable housing within eligible counties
31 and eligible cities, to facilitate the construction of housing for the
32 target populations for the following programs funded pursuant to

35 (commencing with Section 50675) of Part 2).

36 (B) The Joe Serna, Jr. Farmworker Housing Grant Program
37 (Chapter 3.2 (commencing with Section 50515.2) of Part 2).

19 proposal.

20 54008. (a) The Legislature may, from time to time, amend
21 any law related to programs to which funds are, or have been,
22 allocated pursuant to this chapter for the purposes of improving
23 the efficiency and effectiveness of those programs or to further
24 the goals of those programs.

25 (b) The Legislature may amend this chapter to reallocate the
26 proceeds of bonds issued and sold pursuant to this part among the
27 programs to which funds are to be allocated pursuant to this chapter
28 as necessary to effectively promote the development of affordable
29 housing in this state.

30 54009. Programs funded with bond proceeds shall, when
31 allocating financial support, give preference to projects that are
32 “public works” for purposes of Chapter 1 (commencing with

54010. Bonds in the total amount of three billion dollars (\$3,000,000,000), exclusive of refunding bonds issued pursuant to Section 54026, or so much thereof as is necessary as determined by the committee, are hereby authorized to be issued and sold for carrying out the purposes expressed in this part and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. All bonds herein authorized which have been duly issued, sold, and delivered as provided herein shall constitute valid and binding general obligations of the state, and the full faith and credit of the state is hereby pledged for the punctual payment of both principal of and interest on those bonds when due.

54012. The bonds authorized by this part shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), except subdivisions (a) and (b) of Section 16727 of the Government Code to the extent that those provisions are inconsistent with this part, and all of the provisions of that law as amended from time to time apply to the bonds and to this part, except as provided in Section 54028, and are hereby incorporated in this part as though set forth in full in this part.

54014. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this part, the committee is continued in existence. For the purposes of this part, the Housing Finance Committee is “the committee” as that term is used in the State General Obligation Bond Law.

(b) The committee may adopt guidelines establishing requirements for administration of its financing programs to the extent necessary to protect the validity of, and tax exemption for, interest on the bonds. The guidelines shall not constitute rules, regulations, orders, or standards of general application and are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) For the purposes of the State General Obligation Bond Law, the Department of Housing and Community Development is designated the “board” for programs administered by the

1 department, and the California Housing Finance Agency is the
2 “board” for programs administered by the agency.

3 54016. Upon request of the board stating that funds are needed
4 for purposes of this part, the committee shall determine whether
5 or not it is necessary or desirable to issue bonds authorized pursuant
6 to this part in order to carry out the actions specified in Section
7 54006, and, if so, the amount of bonds to be issued and sold.
8 Successive issues of bonds may be authorized and sold to carry
9 out those actions progressively, and are not required to be sold at
10 any one time. Bonds may bear interest subject to federal income
11 tax.

12 54018. There shall be collected annually, in the same manner
13 and at the same time as other state revenue is collected, a sum of
14 money in addition to the ordinary revenues of the state, sufficient
15 to pay the principal of, and interest on, the bonds each year. It is
16 the duty of all officers charged by law with any duty in regard to
17 the collections of state revenues to do or perform each and every
18 act which is necessary to collect that additional sum.

19 54020. Notwithstanding Section 13340 of the Government
20 Code, there is hereby appropriated from the General Fund in the
21 State Treasury, for the purposes of this part, an amount that will
22 equal the total of both of the following:

23 (a) The sum annually necessary to pay the principal of, and
24 interest on, bonds issued and sold pursuant to this part, as the
25 principal and interest become due and payable.

26 (b) The sum which is necessary to carry out Section 54024,
27 appropriated without regard to fiscal years.

28 54022. The board may request the Pooled Money Investment
29 Board to make a loan from the Pooled Money Investment Account,
30 in accordance with Section 16312 of the Government Code, for
31 purposes of this part. The amount of the request shall not exceed
32 the amount of the unsold bonds that the committee has, by
33 resolution, authorized to be sold, excluding any refunding bonds
34 authorized pursuant to Section 54026, for purposes of this part,
35 less any amount withdrawn pursuant to Section 54024. The board
36 shall execute any documents as required by the Pooled Money
37 Investment Board to obtain and repay the loan. Any amount loaned
38 shall be deposited in the fund to be allocated in accordance with
39 this part.

1 54024. For purposes of carrying out this part, the Director of
2 Finance may, by executive order, authorize the withdrawal from
3 the General Fund of any amount or amounts not to exceed the
4 amount of the unsold bonds that the committee has, by resolution,
5 authorized to be sold, excluding any refunding bonds authorized
6 pursuant to Section 54026, for purposes of this part, less any
7 amount withdrawn pursuant to Section 54022. Any amounts
8 withdrawn shall be deposited in the fund to be allocated in
9 accordance with this part. Any moneys made available under this
10 section shall be returned to the General Fund, plus the interest that
11 the amounts would have earned in the Pooled Money Investment
12 Account, from moneys received from the sale of bonds which
13 would otherwise be deposited in that fund.

14 54026. The bonds may be refunded in accordance with Article
15 6 (commencing with Section 16780) of Chapter 4 of Part 3 of
16 Division 4 of Title 2 of the Government Code. Approval by the
17 electors of this act shall constitute approval of any refunding bonds
18 issued to refund bonds issued pursuant to this part, including any
19 prior issued refunding bonds. Any bond refunded with the proceeds
20 of a refunding bond as authorized by this section may be legally
21 defeased to the extent permitted by law in the manner and to the
22 extent set forth in the resolution, as amended from time to time,
23 authorizing that refunded bond.

24 54028. Notwithstanding any provisions in the State General
25 Obligation Bond Law, the maturity date of any bonds authorized
26 by this part shall not be later than 35 years from the date of each
27 such bond. The maturity of each series shall be calculated from
28 the date of each series.

29 54030. The Legislature hereby finds and declares that,
30 inasmuch as the proceeds from the sale of bonds authorized by
