Rachel Falsetti, Division Chief  
Office of Federal Transportation Management Program  
Division of Transportation Programming, MS 82  
Department of Transportation  
P.O. Box 942784  
Sacramento, CA 94274-0001

Attention: Abhijit Bagde

Dear Ms. Falsetti:

The Sacramento Area Council of Governments (SACOG), using the authority delegated to it by Caltrans, approves Administrative Modification #15 to the SACOG 2013/16 Metropolitan Transportation Improvement Program (MTIP). This constitutes an administrative modification to the Federal Statewide Transportation Improvement Program (FSTIP). The changes are consistent with the FSTIP Amendment and Administrative Modification Procedures. The approved changes will not impact SACOG's financial constraint or the region's air quality conformity. Section 2 of Administrative Modification #15 summarizes the changes to projects and grouped project listings.

Since administrative modifications do not require the approval of Caltrans, the Federal Highway Administration, or the Federal Transit Administration, these changes are now included in California's 2013 FSTIP.

Any questions that you may have should be directed to José Luis Cáceres at (916) 340-6218.

Sincerely,

Matt Carpenter  
Director of Transportation Services

## **Administrative Modification #15 to the 2013/16 MTIP**

### **Index of Sections**

- Section 1:           - Understanding Grouped and Individually Listed Project Reports  
                  - MTIP Processes and Amendment Types
- Section 2:           Summary of Changes
- Section 3:           Individually Listed Projects and Grouped Project Listings
- Section 4:           Detailed Breakdown of Grouped Project Listings (For Info. Only)

# Understanding Grouped and Individually Listed Project Reports

---

## Regulatory Background

The following MTIP revision contains individually programmed projects and grouped projects. “Grouped projects” are not called out individually in the MTIP, but are gathered into “grouped project listings.” In a separate report, SACOG provides project-level detail for those new or revised projects that are programmed within grouped project listings. According to federal regulations, some projects must be programmed (i.e., identified) individually, while “Projects that are not considered to be of appropriate scale for individual identification in a given program year may be grouped by function, work type, and/or geographic area using the applicable classifications...” Federal rules also require that grouped projects be exempt for the purposes of air quality conformity and be not regionally significant. (23 CFR 250.324.f) The Grouped Project Listing Detail is provided for information and authorization purposes only. According to federal regulations and guidance, grouped projects are not individually programmed, but are actually considered “programmed” as part of their corresponding grouped project listing.

## How to Find a Project

In addition to providing a Summary of Changes, SACOG provides complete detail for individually programmed projects and grouped projects for full disclosure to the public and to project sponsors, as well as for the purposes of project authorization by Caltrans, FHWA, and FTA. However, to find a project, one will have to consult two reports: the Individual and Grouped Project Listing report and the Grouped Project Listing Detail report. Each report sorts projects differently.

The projects in the Individual and Grouped Project Listing report are sorted alphabetically by County, Lead Agency, and then Project Title. The projects in the Grouped Project Listing Detail report are sorted alphabetically by Grouped Project Listing Category, and within each listing they are sorted alphabetically by County, Lead Agency, and then Project Title.

## Why SACOG Groups Projects

SACOG groups small-scale, exempt projects in order to emphasize regionally significant projects and provide administrative flexibility. By grouping smaller exempt projects, the MTIP conveys that those projects are actually part of larger, overall efforts by the region to maintain and improve surface transportation through air quality-exempt activities such as transportation studies, road rehabilitation, transit operations, replacement and minor expansion of the transit fleet, safety improvement, and so on. It allows SACOG to demonstrate how a change to a grouped project’s scope, cost, or phasing may actually be considered a minor change to the grouped project listing as a whole. As a result, FHWA, FTA, and Caltrans afford SACOG greater administrative flexibility to manage the MTIP using administrative modifications.

# MTIP Processes and Amendment Types

---

*For more detail, see SACOG's Public Participation Plan:*

<http://www.sacog.org/mtp/ppp.cfm>

There are four processes for the various ways to change/update the MTIP:

1. Adoption
2. Administrative Modification
3. Amendment
4. Technical Revision

## Adoption

SACOG generally adopts a new MTIP every two years, although federal guidelines only require a new MTIP every four years. As part of the adoption, SACOG removes the two prior years and adds two additional years of funding. SACOG also reports projects that were completed from the prior MTIP. The MTIP is accompanied by either a new air quality conformity determination and analysis or a determination that relies on a previous analysis.

## Administrative Modification

Regulations describe this action as a minor revision to the MTIP which does not require public review. An Administrative Modification may take one or two weeks to process and may include minor changes to the cost of a project or phase, and changes to funding sources of previously-included projects. SACOG has defined the processing of an Administrative Modification as a Type 1 Action. (See below for types of MTIP actions)

## Amendment

Regulations describe this action as a significant change to the MTIP. An Amendment is a revision that involves a major change to a project included in a metropolitan transportation plan (MTP) or MTIP. An Amendment (often referred to as a Formal Amendment) may take several months to process.

## Types of Revisions

SACOG has ranked Administrative Modifications and Amendments into five different revision types which require different levels of public review and processing actions:

**Type 1:** This is an Administrative Modification. The criteria for Administrative Modifications and Amendments are defined in Title 23, CFR part 450.104. Also, the Federal Highway Administration, Federal Transit Administration, and Caltrans agreed on California-specific administrative modification procedures on June 3, 2011. Those procedures are posted online at [www.dot.ca.gov/hq/transprog/federal/proc\\_guide.htm](http://www.dot.ca.gov/hq/transprog/federal/proc_guide.htm). SACOG received delegated approval authority from Caltrans for Administrative Modifications, such that no other action is required once SACOG has approved an Administrative Modification. (Approval required by SACOG management.)

**Type 2:** This is an Amendment that makes a funding change that is greater than what is allowed as an Administrative Modification. The projects in a Type 2 revision do not change in design concept or scope and the conformity analysis years as assumed for the regional emissions analysis of the currently conforming MTP and MTIP remain unaltered. (Approval required by SACOG management, Caltrans and Federal Department of Transportation.)

**Type 3:** This is an Amendment that significantly revises, or adds, or deletes an exempt or non-regionally significant project or project phases to/from the MTIP. (Approval required by SACOG management, Caltrans and Federal Department of Transportation.)

**Type 4:** This is an Amendment that requires a conformity determination but relies on a previous regional emissions analysis. This type of amendment is used when adding a regionally significant project to the MTIP that has already been appropriately accounted for in the regional emissions analysis. (Approval required by SACOG Board, Caltrans and Federal Department of Transportation.)

**Type 5:** This is an Amendment that requires a conformity determination and a new regional emissions analysis. This type of revision is used when adding a non-exempt, regionally significant project that has not been accounted for in the regional emissions analysis. This type of amendment is also used when a non-exempt, regionally significant project makes a change to either the design concept or scope or conformity analysis completion year which is not consistent with the existing regional emissions analysis. (Approval required by SACOG Board, Caltrans and Federal Department of Transportation.)

### **Technical Corrections and Advancement or Delay of Funds using Expedited Project Selection Procedures**

No public review is necessary for edits to parts of the MTIP that are shown for informational purposes only or for fixing obvious typographical errors. Similarly, no public review is necessary for SACOG to use agreed-upon Expedited Project Selection Procedures (EPSP). EPSP is used to advance projects from later years of the MTIP and delay the implementation of other projects from earlier years. These changes occur without modification or amendment, based on agreements between SACOG, Caltrans, local transit operators, and local transportation agencies. Even so, SACOG typically modifies or amends the MTIP at the end of the fiscal year to reflect advances and delays.

## Administrative Modification #15 to the 2013/16 MTIP Summary of Changes

Lead Agency	Title	ID	Cost				Summary
			Previous	Revised	Change	% Change	
	Grouped Projects for Bicycle and pedestrian facilities	VAR79030	\$105,579,316	\$105,629,558	\$50,242	<1%	Increase and revise funding. Program Transportation Enhancement (TE) Exchange funds, reprogrammed as savings from Caltrans to two City of Placerville bike/ped projects, ELD19269, El Dorado Trail Bike Path - Clay St. to Bedford Ave., and ELD15910, El Dorado Trail Forni/Main St. to Ray Lawyer Drive.
	Grouped Projects for Operating assistance to transit agencies	VAR79057	\$1,090,932,924	\$1,090,898,395	(\$34,529)	0%	Revise title and description to be more specific and decrease funding on SACOG project, JARC Connect Card Marketing, VAR56113. Action is urgently needed to prevent the loss of federal funding.
	Grouped Projects for Safety Improvements on High Risk Rural Roads - HRRR program	VAR79012	\$6,111,397	\$6,428,197	\$316,800	5%	Increase funding. Program \$316,800 of HRRR funding that was incorrectly deleted in 2012.
Placer County Transportation Planning Agency	I-80 Eastbound Auxiliary Lane: SR 65 to Rocklin Rd.	PLA25519	\$7,700,000	\$4,990,000	(\$2,710,000)	-35%	Reprogram \$3.2 million in savings from completed project, CAL18767, I-80 Operational Improvements/HOV - Phase 2, for I-80 EB Aux Lane. Action approved by PCTPA 8/28/13.
Placer County Transportation Planning Agency	I-80 Westbound Auxiliary Lane - Douglas Blvd. to Riverside Ave.	PLA25542	\$6,015,000	\$5,910,000	(\$105,000)	-2%	Reprogram 3.8 million in savings from completed project, CAL18767, I-80 Operational Improvements/HOV - Phase 2, for I-80 WB Aux Lane. Action approved by PCTPA 8/28/13.
Placer County Transportation Planning Agency	I-80/SR 65 Interchange Improvements Phase 1	PLA25440	\$30,000,000	\$35,790,000	\$5,790,000	19%	Reprogram \$2.3 million savings from completed project, CAL18767, I-80 Operational Improvements/HOV - Phase 2, for Phase 1 PS&E. Action approved by PCTPA 8/28/13.
<b>Total</b>			<b>\$1,246,338,637</b>	<b>\$1,249,646,150</b>	<b>\$3,307,513</b>	<b>&lt;1%</b>

Grouped Listing Title: RPNO: n/a <b>Grouped Projects for Operating assistance to transit agencies</b>								
Project Description This project will promote the "Connect Card" universal transit fare card system in the SACOG Region to low-income individuals and those that qualify for reduced fares. The Connect Card will help fulfill the goal of creating more integrated, coordinated, and seamless regional transit systems by allowing users, especially those who cross jurisdictional and transit operator boundaries, in traveling to employment and/or training. (\$17,344 in toll credits are being used for the CON match.)
