

June 8, 2011

Ms. Rachel Falsetti, Division Chief
Office of Federal Transportation Management Program
Division of Transportation Programming, MS 82
Department of Transportation
P.O. Box 942874
Sacramento, CA 94274-0001

Attention: Sadeqh Yazdi

Dear Ms. Falsetti:

Here for your review and approval is Administrative Modification #8 to the SACOG 2011/14 Metropolitan Transportation Improvement Program (MTIP). Changes in this Modification #8 were made by SACOG staff using the authority delegated to it by the SACOG Board of Directors to process administrative modifications to the MTIP. The proposed changes will not impact SACOG's financial constraint or the region's air quality conformity.

SACOG and Caltrans normally approve amendments in numerical order, but SACOG and Caltrans have not yet approved Draft Amendments #6 or #7. However, we ask that Caltrans approve this Administrative Modification #8 immediately, as it does not conflict with any current amendments out for public review. Also, SACOG understands that upon your approval, this modification will be effective immediately.

I would appreciate your expeditious review and approval of the enclosed modification. Any questions that you may have should be directed to José Luis Cáceres at (916) 340-6218.

Sincerely,

Theresa Arnold
Manager of Capital Programs

South Sacramento Light Rail - Phase 2

EA Number: n/a

Last Revised

Completion Year

PPNO: 3L05

11-08

2016

Project Description

In Sacramento, extend light rail from the terminus of South Line Phase 1 at Meadowview Station further south to Cosumnes River College (CRC). Includes 4.2 miles of track, 4 new stations, and 3 park & ride facilities. (The four year financially constrained part of the MTIP contains \$114,805,353 of local, state, and federal funds. The SRTD planned date of revenue service is December 2014. Of the \$95,188,000 that is later than 2014, \$85,600,000 is assumed to be FTA 5309 (b) New Starts funding and \$9,528,000 is State Bond Transit funding.)

Grouped Project Listing Detail

SACOG Administrative Modification #8 to the 2011/14 MTIP

Regulatory Background

The following report shows the project-level detail for those new or revised projects that are programmed within grouped project listings. According to federal regulations, “Projects that are not considered to be of appropriate scale for individual identification in a given program year may be grouped by function, work type, and/or geographic area using the applicable classifications...” These regulations also require SACOG’s grouped projects to be exempt for the purposes of air quality conformity and be considered not regionally significant. (23 CFR 250.324.f) SACOG’s grouped project listings are consistent with these federal regulations as well as State and Federal guidance.

How to Find a Project

The projects in the Grouped Project Listing Detail report are sorted as follows:

1. Numerically by Grouped Project Listing Category Number, then
2. Alphabetically by County, then Lead Agency, then Project Title

Purpose of this Report

This listing is provided for full disclosure to the public and to project sponsors, as well as for the purposes of project authorization by Caltrans, FHWA, and FTA. While this report is included with every revision to the MTIP, this listing is provided for informational purposes only. These projects are not individually programmed, but are actually considered “programmed” as part of their corresponding grouped project listing.

SACOG groups small-scale, exempt projects in order to emphasize regionally significant projects and provide administrative flexibility. By grouping smaller exempt projects, the MTIP conveys that those projects are actually part of larger, overall efforts by the region to maintain and improve surface transportation through air quality-exempt activities such as transportation studies, road rehabilitation, transit operations, replacement and minor expansion of the transit fleet, safety improvement, and so on. It allows SACOG to demonstrate how a change to a grouped project’s scope, cost, or phasing may actually be considered a minor change to the grouped project listing as a whole. As a result, FHWA, FTA, and Caltrans afford SACOG greater administrative flexibility to manage the MTIP using administrative modifications.
