For Rachel Falsetti, Division of Transportation Programming

Dear Mr. Dougherty:

SUBJECT: SACOG FY 2010/11-2013/14 MTIP Amendment # 10

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) have completed their review of Amendment # 10 to the Sacramento Area Council of Governments (SACOG) FY 2010/11-2013/14 Metropolitan Transportation Improvement Program (MTIP) that was submitted by your letter dated August 5, 2011. SACOG adopted Amendment # 10 on August 2, 2011. This amendment to SACOG's MTIP:

- Adds Section 130 Rail projects to the current MTIP.

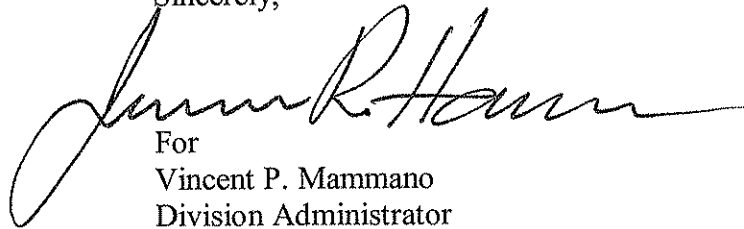

Pursuant to the July 17, 2004, *Memorandum of Understanding between the Federal Highway Administration, California Division, and the Federal Transit Administration, Region IX*, we accept the modifications to the 2010/11 – 2013/14 Federal Statewide Transportation Improvement Program (FSTIP) for the SACOG region in accordance with the Final Rule on Statewide and Metropolitan Transportation Planning published in the February 14, 2007 Federal Register. We find that the SACOG's MTIP, through Amendment # 10, was developed through a continuing, cooperative and comprehensive transportation planning process carried out in accordance with the metropolitan planning provisions of 23 U.S.C. 174, and 49 U.S.C. Chapter 53 as amended by Section 6001 of Public Law 109-59, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU).

We have determined that this program modification is exempt from the regional emissions analysis requirements pursuant to the transportation conformity provisions found in 40 CFR Part 93. This finding has been coordinated with Region 9 of the Environmental Protection Agency (EPA) in accordance with the procedures outlined in the *National Memorandum of Understanding between DOT and EPA on Transportation Conformity*, dated April 25, 2000. Therefore, we find that the MTIP continues to conform to the applicable State Implementation Plan (SIP).

This approval is provided with the understanding that the FTA funding approval on the individual projects contained in the FSTIP are subject to grantees meeting all necessary FTA administrative requirements, and that approval of this programming action does not provide a federal eligibility determination for CMAQ projects or any other project funding source included in this amendment.

If you have questions or need additional information concerning our approval for this SACOG FSTIP amendment, please contact Scott Carson (Scott.Carson@dot.gov) of the FHWA California Division office at (916) 498-5029.

Sincerely,

For
Vincent P. Mammano
Division Administrator
