

February 13, 2013

Rachel Falsetti, Division Chief
Office of Federal Transportation Management Program
Department of Transportation
P.O. Box 942874
Sacramento, CA 94274-0001

Attention: Abhijit Bagde

Dear Ms. Falsetti:

Please accept for your review and approval Amendment #2 to the 2013/16 Metropolitan Transportation Improvement Program (MTIP), a "Type 3" amendment. The SACOG Board delegated to SACOG management authority to approve Type 3 Formal Amendments, which are amendments that add or delete exempt or non-regionally significant projects or project phases to/from the MTIP.

The purpose of this amendment is to program revisions and new projects with federal Highway Bridge Program (HBP) and Highway Safety Improvement Program (HSIP) funding. This revision is needed so that these projects may begin federally reimbursable work without delay.

The project changes and additions in Amendment #2 do not affect air quality conformity. SACOG amended the MTIP in accordance with its Public Participation Plan. SACOG did not receive any comments during public review.

Thank you in advance for your attention to this matter. Please transmit your findings to FHWA for its review and approval. Any questions that you may have should be directed to José Luis Cáceres at (916) 340-6218.

Sincerely,

Theresa Arnold
Manager of Capital Programs

Section 5:	Public Involvement Process and Public Comments
Section 6:	Financial Summary
Section 7:	MTIP Processes and Amendment Types

Understanding Grouped and Individually Listed Project Reports

Regulatory Background

The following MTIP revision contains individually programmed projects and grouped projects. “Grouped projects” are not called out individually in the MTIP, but are gathered into “grouped project listings.” In a separate report, SACOG provides project-level detail for those new or revised projects that are programmed within grouped project listings. According to federal regulations, some projects must be programmed (i.e., identified) individually, while “Projects that are not considered to be of appropriate scale for individual identification in a given program year may be grouped by function, work type, and/or geographic area using the applicable classifications...” Federal rules also require that grouped projects be exempt for the purposes of air quality conformity and be not regionally significant. (23 CFR 250.324.f) The Grouped Project Listing Detail is provided for information and authorization purposes only. According to federal regulations and guidance, grouped projects are not individually programmed, but are actually considered “programmed” as part of their corresponding grouped project listing.

How to Find a Project

In addition to providing a Summary of Changes, SACOG provides complete detail for individually programmed projects and grouped projects for full disclosure to the public and to project sponsors, as well as for the purposes of project authorization by Caltrans, FHWA, and FTA. However, to find a project, one will have to consult two reports: the Individual and Grouped Project Listing report and the Grouped Project Listing Detail report. Each report sorts projects differently.

The projects in the Individual and Grouped Project Listing report are sorted alphabetically by County, Lead Agency, and then Project Title. The projects in the Grouped Project Listing Detail report are sorted alphabetically by Grouped Project Listing Category, and within each listing they are sorted alphabetically by County, Lead Agency, and then Project Title.

Why SACOG Groups Projects

SACOG groups small-scale, exempt projects in order to emphasize regionally significant projects and provide administrative flexibility. By grouping smaller exempt projects, the MTIP conveys that those projects are actually part of larger, overall efforts by the region to maintain and improve surface transportation through air quality-exempt activities such as transportation studies, road rehabilitation, transit operations, replacement and minor expansion of the transit fleet, safety improvement, and so on. It allows SACOG to demonstrate how a change to a grouped project’s scope, cost, or phasing may actually be considered a minor change to the grouped project listing as a whole. As a result, FHWA, FTA, and Caltrans afford SACOG greater administrative flexibility to manage the MTIP using administrative modifications.

Amendment #2 to the 2013/16 MTIP Summary of Changes

Lead Agency	Title	ID	Cost				Summary
			Previous	Revised	Change	% Change	
	Grouped Projects for Bridge Rehabilitation and Reconstruction - HBP Program	VAR79008	\$488,005,143	\$524,240,864	\$36,235,721	7%	Increase cost. Program October 2012 Highway Bridge Program list, including new and revised projects.
	Grouped Projects for Engineering	VAR79068	\$4,325,473	\$4,825,473	\$500,000	12%	Increase cost. Add new grouped engineering project per HSIP list.
	Grouped Projects for Safety Improvements - HSIP Program	VAR79010	\$28,490,423	\$39,342,523	\$10,852,100	38%	Increase cost. Program new Cycle 5 HSIP projects, and revise existing HSIP projects per Caltrans.
City of Placerville Dept of Public Works	Placerville Dr Bridge Replacement/Widening	ELD19185	\$3,119,000	\$4,335,550	\$1,216,550	39%	Increase cost. Change scope of HBP-funded project from a simple widening to a full replacement and widening, per Caltrans HBP list.
City of Lincoln Dept of Public Works	Nelson Ln/Markham Ravine Bridge Replacement	PLA25509	\$6,818,280	\$7,343,617	\$525,337	8%	Increase cost. Program AC funds in CON and revise ROW FFYs per Caltrans HBP list.
Placer County Dept of Public Works	Watt Ave. Bridge Replacement	PLA25535	\$0	\$19,892,750	\$19,892,750	NA	Program new project per Caltrans HBP list.
City of Sacramento Dept of Transportation	I Street Bridge Replacement	SAC24683	\$0	\$86,620,900	\$86,620,900	NA	Program new project per Caltrans HBP list. Programming individually rather than in a grouped listing.
Total			\$530,758,319	\$686,601,677	\$155,843,358	29%

Posting Notice

REQUEST FOR COMMENT ON THE AMENDMENT TO THE SACOG MTIP

The Sacramento Area Council of Governments (SACOG) is soliciting comments on Amendment #2 to the 2013/16 Metropolitan Transportation Improvement Program (MTIP). The MTIP is the short-range transportation program for the SACOG region, which includes the counties of Sacramento, Sutter, Yolo, Yuba, and portions of El Dorado and Placer County.

Please comment in writing to SACOG, 1415 L Street, Suite 300, Sacramento, CA, or via email to jcaceres@sacog.org. Copies are available online at www.sacog.org, or can be requested by e-mailing the address above or by calling (916) 340-6218. In addition, copies are available at the SACOG office at the above address. Please direct your written comments to José Luis Cáceres. Written comments are welcome through 5 p.m., February 13, 2013.

Comments on Amendment #2 to the 2013/16 MTIP

SACOG did not receive any comments.

MTIP Processes and Amendment Types

*For more detail, see SACOG's Public Participation Plan:
<http://www.sacog.org/mtp/ppp.cfm>*

There are four processes for the various ways to change/update the MTIP:

1. Adoption
2. Administrative Modification
3. Amendment
4. Technical Revision

Adoption

SACOG generally adopts a new MTIP every two years, although federal guidelines only require a new MTIP every four years. As part of the adoption, SACOG removes the two prior years and adds two additional years of funding. SACOG also reports projects that were completed from the prior MTIP. The MTIP is accompanied by either a new air quality conformity determination and analysis or a determination that relies on a previous analysis.

Administrative Modification

Regulations describe this action as a minor revision to the MTIP which does not require public review. An Administrative Modification may take one or two weeks to process and may include minor changes to the cost of a project or phase, and changes to funding sources of previously-included projects. SACOG has defined the processing of an Administrative Modification as a Type 1 Action. (See below for types of MTIP actions)

Amendment

Regulations describe this action as a significant change to the MTIP. An Amendment is a revision that involves a major change to a project included in a metropolitan transportation plan (MTP) or MTIP. An Amendment (often referred to as a Formal Amendment) may take several months to process.

Types of Revisions

SACOG has ranked Administrative Modifications and Amendments into five different revision types which require different levels of public review and processing actions:

Type 1: This is an Administrative Modification. The criteria for Administrative Modifications and Amendments are defined in Title 23, CFR part 450.104. Also, the Federal Highway Administration, Federal Transit Administration, and Caltrans agreed on California-specific administrative modification procedures on June 3, 2011. Those procedures are posted online at www.dot.ca.gov/hq/transprog/federal/proc_guide.htm. SACOG received delegated approval authority from Caltrans for Administrative Modifications, such that no other action is required once SACOG has approved an Administrative Modification.

Type 2: This is an Amendment that makes a funding change that is greater than what is allowed as an Administrative Modification. The projects in a Type 2 revision do not change in design concept or scope and the conformity analysis years as assumed for the regional emissions analysis of the currently conforming MTP and MTIP remain unaltered.

Type 3: This is an Amendment that significantly revises, or adds, or deletes an exempt or non-regionally significant project or project phases to/from the MTIP.

Type 4: This is an Amendment that requires a conformity determination but relies on a previous regional emissions analysis. This type of amendment is used when adding a regionally significant project to the MTIP that has already been appropriately accounted for in the regional emissions analysis.

Type 5: This is an Amendment that requires a conformity determination and a new regional emissions analysis. This type of revision is used when adding a non-exempt, regionally significant project that has not been accounted for in the regional emissions analysis. This type of amendment is also used when a non-exempt, regionally significant project makes a change to either the design concept or scope or conformity analysis completion year which is not consistent with the existing regional emissions analysis.

Technical Corrections and Advancement or Delay of Funds using Expedited Project Selection Procedures

No public review is necessary for edits to parts of the MTIP that are shown for informational purposes only or for fixing obvious typographical errors. Similarly, no public review is necessary for SACOG to use agreed-upon Expedited Project Selection Procedures (EPSP). EPSP is used to advance projects from later years of the MTIP and delay the implementation of other projects from earlier years. These changes occur without modification or amendment, based on agreements between SACOG, Caltrans, local transit operators, and local transportation agencies. Even so, SACOG typically modifies or amends the MTIP at the end of the fiscal year to reflect advances and delays.
