

Links for your State ATP Application development

AS DISCUSSED AT THE 4-27-16 TOOLS WORKSHOP

OVERVIEW

- Active Transportation Program – Cycle 3 instructions, electronic application, webinar info: <http://www.dot.ca.gov/hq/LocalPrograms/atp/cycle-3.html>
- Regional ATP mapping site: <http://arcg.is/1TenyJR>

QUESTION 1: BENEFIT TO DISADVANTAGED COMMUNITIES

- Regional GIS Clearinghouse (download SACOG GIS files to make your own GIS maps): <http://www.sacog.org/mapping/clearinghouse/>
- County-scale maps with insets of some cities/places showing ATP-defined Disadvantaged Communities based on Census Tracts : <http://www.sacog.org/active-transportation-program>
- Census Block Groups with a median income of less than 80% of the statewide median (for communities less than 15,000, only).

QUESTION 2: INCREASING WALKING AND BICYCLING

- Small Area SACOG MTP/SCS Forecast Tool (Summary figures including travel metrics using base year of 2012 with projections to 2020 and 2036): <http://mapping.sacog.org/datacenter/>
- Master ATP Cycle 3 Census Tract spreadsheet with basic demographics (total population, households and dwelling units; age ranges, race/ethnicity, income measures, language, commute mode) and whether each census tract meets the CalEnviroScreen top 25% and/or the median income 80% or less than the State median income: <http://www.sacog.org/active-transportation-program>
- For School year 2013-2014 free or reduced price meal data for all public school students K-12 for individual schools. Includes total enrollment, enrollment used to determine FRPM and percent of students eligible for FRPM. Schools with 75% or more of students eligible for FRPM qualify as a measure of a disadvantaged community. <http://www.sacog.org/active-transportation-program>

QUESTION 3: REDUCING WALKING/BICYCLING FATALITIES AND INJURIES

- TIMS “SWITRS Query & Map” (must create an account): <http://tims.berkeley.edu/tools/query/main.php?clear=1>
- TIMS “SRTS Collision Map Viewer” (must create an account): <http://tims.berkeley.edu/tools/srts/main.php>
- Safety Countermeasures—Caltrans Local Roadway Safety Manual - <http://www.dot.ca.gov/hq/LocalPrograms/HSIP/2016/CA-LRSM.pdf>

QUESTION 5: IMPROVED PUBLIC HEALTH

- Contact WalkSacramento staff Kirin Kumar for assistance on the Public Health question. [kkumar\[at\]walksacramento\[.\]org](mailto:kkumar[at]walksacramento[.]org) 916.446.9255
- California Health Interview Survey's querying tool (for health statistics on your county, region and state - some ZIP code level data is available): <http://ask.chis.ucla.edu/main/default.asp>

ATTACHMENT D—PROJECT MAP/PLANS SHOWING EXISTING & PROPOSED CONDITIONS

- StreetMix (to show cross sections clearly): <http://streetmix.net/>
