How We Got Here

Many public and private organizations issued racial equity statements in the wake of social and racial justice protests in 2020. Some of these were statements of solidarity with protesters, some were statements of change and commitment, some were both. At the time, the SACOG board did not adopt a statement of commitment for a variety of reasons, but one important reason was the need to be thoughtful about what a statement would mean. The sentiment expressed by the board's 2020 Race, Equity, Inclusion working group was that the full board needed to have a shared understanding of how racial equity is related to SACOG's work, and that any statement needed to be followed with thoughtful, impactful action. The REI working group of 2020 therefore focused on near-term opportunities to explore the role of racial equity in SACOG's work. The working group gave input and endorsement to establish a community-based equity planning grant program in SACOG's biannual funding round, which was under development in 2020. The working group also engaged a racial equity consultant to conduct a racial equity audit of SACOG.

At the end of 2020, in response to the racial equity audit of SACOG, the SACOG board committed to exploring how SACOG, as a metropolitan planning

organization and council of governments, could advance racial equity in its work. As an outcome of the audit review, the board formed and charged the 2021 Race, Equity, and Inclusion Working Group to serve as a forum to discuss and make recommendations to the Policy and Innovation Committee of the SACOG board on issues related to race, equity and inclusion. The 2021 working group was intentionally formed with public members who have expertise in the field of racial equity and public policy to bring their perspective to the working group's discussions and recommendations.

A primary charge of this working group was development of a racial equity statement of change and commitment, to be the foundation for SACOG's racial equity work. The REI working group developed a racial equity statement of change and commitment at its November 2021 and January 2022 meetings. It forwarded the statement on to the SACOG board, which unanimously adopted the statement in February 2022. The statement is the foundation for SACOG's racial equity work. The REI working group was also charged with building support for, and providing direction on, this racial equity action plan for SACOG.

SACOG Racial Equity Statement of Change and Commitment

Adopted February 17, 2022

The Sacramento Area Council of Governments (SACOG) acknowledges that residents living in the greater six-county Sacramento region face significant inequities, resulting in disparities and divides that exist by race and ethnicity, by income, and by urban and rural areas. SACOG is committed to tackling inequities and disparities in all forms. This statement marks a commitment to advancing racial equity in order to build a thriving economy and healthy environment for all residents of the Sacramento region, particularly for Black, Indigenous, Asian, Pacific Islander, Hispanic/Latino, and other communities of color, that have been historically disenfranchised and excluded. SACOG envisions a Sacramento region where race is no longer a predictor of life outcomes, and outcomes for all groups are improved.

Background

As the greater Sacramento region has grown, its residents have not shared equally in the benefits of that growth. Federal, state, and local policies played a significant role in racial disparities in health, wealth, education, transportation, housing, and other aspects of life that continue today. “Redlining” lending practices denied home ownership and prevented the creation of generational wealth for people of color, and Black communities in particular. Racially restrictive housing covenants and exclusionary zoning intentionally, artificially, and persistently segregated non-white from white communities.

Redevelopment targeted these communities of color in the name of progress and economic development, but often served to displace and further disadvantage them. Similarly, transportation policies and programs—such as the construction of our region’s freeways and interstate highways—divided and displaced once-thriving communities of color. The cumulative effect of these policies and programs adds up to a legacy of structural racism, the impacts of which are still visible in communities throughout our region today.

As a government entity, SACOG has perpetuated and sustained these long-standing policies and programs that have resulted in significant racial disparities in transportation, housing, and land use in the region. SACOG has an obligation to reduce these inequities through our work to ensure that safe, healthy,

accessible, and inclusive opportunities are available to all residents of the six-county region.

Plan

To work toward a just and equitable region that addresses the historic wrongs and where health and economic outcomes for all groups are improved, SACOG commits to:

| | |
|--|---|
|  LISTEN and LEARN | Work to build and strengthen relationships with organizations representing historically marginalized communities in both urban and rural areas, to integrate their perspectives and priorities, and to give voice to these communities. |
|  PLAN | Develop a racial equity action plan for SACOG’s programs and operations, that includes measurable activities, and regularly review the plan to ensure the integration of policies, procedures and programs to advance racial equity. |
|  SUPPORT | Provide continuous support to our member and partner agencies to integrate the agency’s racial equity action into local plans, build and strengthen relationships with community-based organizations, non-profits, advocacy organizations, and other equity experts and practitioners. |
|  ACT | Continue to build the capacity of the SACOG staff and board to fully implement SACOG’s racial equity action plan, and carefully consider how our decision-making processes address historic inequities in transportation and housing. |
|  MEASURE | Establish, regularly monitor, and report publicly on (1) regional equity indicators associated with housing, transportation, and economic opportunity; (2) organizational equity indicators of employee and stakeholder (community members, public agencies, non-governmental partners) experience of existing policies, practices, and procedures; and (3) indicators of authentic project sponsor engagement in the planning and design of regionally significant projects. |

How we are Following Through on our Commitments

Listen and Learn

Immediately following adoption of its racial equity statement, SACOG followed through on the first commitments in that statement, to listen and learn from SACOG's stakeholders in order to develop its racial equity action plan.

From March to June of 2022, SACOG staff and their racial equity consultant, Venture with Purpose (Venture), conducted listening sessions with key SACOG stakeholders to learn what SACOG should focus on in its racial equity action plan. SACOG staff invited every member of the REI working group to participate in one-on-one interviews with staff, and 14 participated. Venture invited every SACOG member city and county, SACOG's two Regional Transportation Planning Agency (RTPA) partners, every transit agency, every SACOG staff member, and over a dozen community based organization (CBOs) to attend group listening sessions. Venture held 14 listening sessions, attended by nine local governments, both RTPAs, seven transit agencies, 11 CBOs and 85 percent of SACOG staff.

Partway through the listening sessions, the REI working group heard and discussed the preliminary findings at its May 2022 meeting and provided feedback to guide staff's development of a draft plan. Staff and Venture completed the listening and learning phase for this action plan at the end of June 2022 and Venture conducted a series of capacity building workshops in June and July for SACOG staff and REI working group members to support them in the creation of a draft racial equity action plan.

Plan

Staff used the best practices from the capacity building series to turn the findings from the listening sessions into a working draft racial equity action plan. Venture provided guidance and feedback as staff developed the action plan. Particular attention was paid to making sure the goals and objectives reflect the themes from listening sessions.

Staff shared the working draft action plan back to the stakeholders invited to the initial listening sessions, presented it to the REI working group and SACOG board committees, and asked for feedback from all these groups on:

- Which goals and objectives are you most excited about?
- Which goals and objectives do you think will be most challenging or controversial?
- What's missing from the goals and objectives?
- Which objectives should we prioritize in 2023?

With guidance from Venture, staff used stakeholder feedback to refine the goals and objectives. Staff also created timelines, actions, measures and indicators to illustrate how SACOG will work with other organizations to implement the objectives to achieve the goals of this action plan.

SACOG's commitments go beyond the creation of this action plan: our commitments to **listen and learn, plan, support, act, and measure**, are articulated in the objectives and throughout this plan, including how we will measure, report, and adjust implementation over time.

SACOG Racial Equity Action Plan

Focus Areas

This action plan is categorized into three focus areas:

Operations

Refers to the administrative, logistical, procedural, and other duties necessary for SACOG's day-to-day functioning and ability to effectively perform work and deliver services. This includes human resources, finance, and administration.

Programs

Refers to the work performed, and services delivered by SACOG. For example, conducting data and analysis, writing regional plans, awarding and delivering funding, providing technical assistance, sharing and exchanging information, building and maintaining external and legislative affairs.

Board Practices

Refers to the ways the SACOG board of directors conducts its governance and oversight of the agency.

Terms Used in this Plan

Goals: Broad primary outcomes to which effort and actions are directed in an organization. They are the "whats," not the "hows." An organization might have multiple goals to achieve.

Objectives: Both measurable and specific, it quantifies the thoughts and sets a target so that the strategy can be planned around it. In other words, objectives are measurable steps an organization takes to achieve its goals.

Actions: The sub-steps necessary to achieve an objective. They are assigned to an individual role or team and have a timeline to completion.

Measures: Classifications of raw data such as a number or value. It answers the question, "how much was done?"

Indicators: Signs or signals that something exists or is true.

How We Will Implement This Plan

The goals and objectives in this plan establish initial priorities for what SACOG can do to implement the statement of change and commitment that the board adopted in February 2022.

The board is responsible for adopting the goals and objectives of this plan. The Race, Equity, Inclusion Working Group will oversee implementation of the plan and make recommendations to the SACOG board, based on review of plan progress reports, of any changes to the plan to increase its effectiveness.

The executive director and the management team are responsible for implementing this plan. As noted throughout the objectives that follow, there is a cycle of planning, implementation, and evaluation. As staff carry out the objectives, there may be the need to revisit goals, objectives, and actions. Changes to implementing actions will be made through consultation with the lead staff for that action and the management team.

At least quarterly, the Management Team will take an agency-wide look at this plan: what resources are needed to carry out the identified actions, how it interacts with other planned work, and whether changes are needed based on evaluation.

As outlined in board practices Goal 3, these internal assessments will feed into information shared with the board. As needed, staff will propose to the board modifying goals and objectives.
