Groups Consulted During the Planning Process

## Groups Consulted during Public Participation Plan Development

Federal guidelines for implementing SAFETEA-LU require SACOG to develop a Public Participation Plan (PPP) that defines the process for providing the following groups with reasonable opportunities to be involved in the MTP planning process. Many agencies, organizations and individuals responded to SACOG's development of the PPP in 2008, and the subsequent annual amendments in 2009, 2010 and 2011. While many organizations and individuals were contacted and asked to participate or provide comment and/or input, not all participated.

### **Groups required for consultation in the PPP development:**

- Affected public agencies
- Representatives of public transportation employees
- Freight shippers
- Providers of freight transportation services
- Private providers of transportation
- Representatives of users of pedestrian walkways and bicycle transportation facilities
- Representatives of the disabled
- Other interested parties
