# Residential / Consumer

## Electric and zero emission vehicles in the SACOG region

# Sharing / Rental

## Car share, car rental, and TNCs

The screenshot displays the Blueindy website interface. At the top left is the Blueindy logo. To the right are navigation links for "English", "Español", and "My account". Below these are menu items: "HOW DOES IT WORK?", "JOIN BLUEINDY", "YOUTH OFFER", "STATION MAP", "THE SERVICE", and "INFORMATION". A prominent blue button in the center reads "See the full map for more details". The main content is a map of Indianapolis, Indiana, overlaid with numerous icons representing different services. A legend in the bottom right corner identifies these icons: a car icon for "Vehicle", a parking 'P' icon for "Parking spot", a charging plug icon for "Charge point", a kiosk icon for "Enrollment kiosk", a green tree icon for "Operational", a red car icon for "Under maintenance", a grey car icon for "Under construction", and a blue 'P' icon for "Underground Parking". The map shows a high density of green tree icons in the downtown area, particularly around the Lucas Oil Stadium and downtown hotels. Other landmarks like the Indianapolis Zoo, Lucas Oil Stadium, and downtown streets are visible.

# Transit

## Number of public transit agency vehicles

	TOTAL	Buses-CNG	Buses-Gasoline or Diesel	Cutaways- Gasoline
Total	758	368	101	289

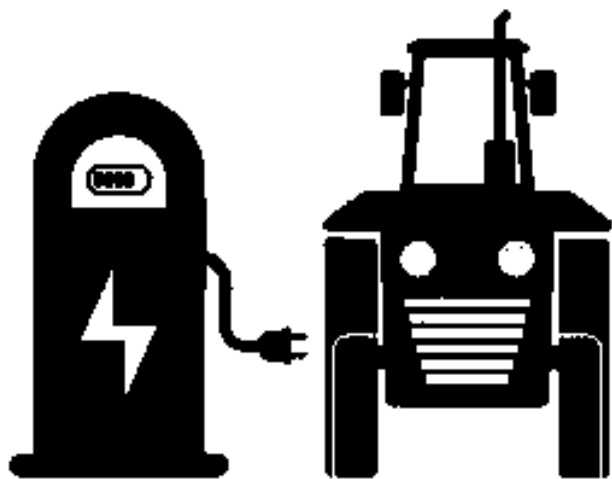

uberPOOL

LYFT LINE

chariot

# Fleets

Joint purchases, shared use, incentives, etc.

# Disadvantaged Communities

Targeted incentives, mobility hubs, and payment options
