What Makes Public Surplus Different?

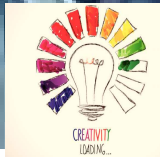

Customer Service

Easier System to Create Auctions and Use

Increases revenue

Customizable To What YOU Want

Customer Service

- Buyer Team to deal with all the nonsense agencies don't have time for.
- Marketing Team that is built to work directly with customers unique to government purchases.
- Local Representatives with full auction tech services if needed.
- Chat Feature and Help Feature Available 24/7

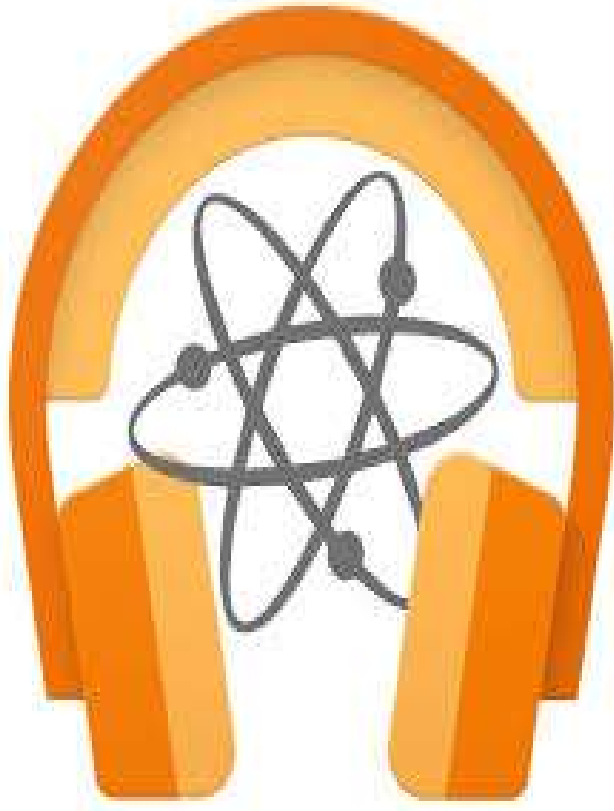

Easier System to Create Auctions and Use

- Easy to use APP available for Buyers in order to purchase items anytime.
- Easy to use APP available for the selling agency which makes auction creation 3 – 5 times faster than any other online auction system
- Permission based system for all users
- Have Full Control for whatever you need. Do not need to request anything from us.

Increase In Revenue

- Win your business with our price. If we don't make more money you won't use us. Marketing team very important.
- Our total fee is the cheapest in the industry.
- “A La Carte” pricing options for you. Expedited payment and insurance are **OPTIONAL**.
- City of Houston testimonial.

Customizable To What YOU Want

- Software Developing Company (Public Purchase and Public Contract).
- Department Option New York City had us build for them.
- Our State of the Art “Jeni” system.
- Internal Reallocation, bid deposits and default bidder percentage option.
