REQUEST FOR PROPOSALS (RFP)

PURPOSE/BACKGROUND
The Sutter County Development Services Department is seeking proposals from qualified professional consulting firms and individuals experienced in the preparation of Housing Elements in the State of California to submit a written proposal to prepare the County’s 2021-2029 Housing Element of the General Plan. This effort will include public outreach and coordination with the State Department of Housing and Community Development (HCD) during the element update process. For the scope of work, staff envisions the selected consultant will review the County’s existing Housing Element, identify key housing stakeholders within the County and provide for public outreach, and prepare the updated element consulting with County staff and HCD as necessary to ensure compliance with recently passed State housing legislation and current State Housing Element law. The selected consultant will submit the updated Housing Element for HCD approval and attend the Planning Commission and Board of Supervisors meetings for review and adoption of the Housing Element by the County.

The County of Sutter would like to initiate consultant services as soon as practical, so the updated Housing Element may be considered in a timely manner and submitted to HCD for certification no later than the May 31, 2021 deadline. Sutter County must adopt the revised Housing Element no later than 120 days (September 28, 2021) after the May 31, 2021 deadline to remain on the 8-year planning cycle.

The current Sutter County Housing Element (2013-2021) was adopted by the Board of Supervisors on February 25, 2014 and was certified by the State Department of Housing and Community Development on March 7, 2014. Both the content and format received significant revisions for the current Housing Element. While the current format will be retained, content changes will be necessary for this update to address new housing related legislation passed by the State since the current Housing Element was last updated, particularly legislation affecting housing law recently passed in the last few months of 2019.

The new Housing Element will need to incorporate and demonstrate compliance with the Regional Housing Needs Allocation (RHNA) in Cycle 6 for Sutter County, adjust the housing policies and programs necessary to comply with current Housing Element Law, and be internally consistent with the Sutter County General Plan. The adopted RHNA methodology allocates a total of 729 residential units to unincorporated Sutter County. Of this total, 284 of the units are required for lower income (177 for very low income and 107 for low income).

Sutter County covers an area of approximately 607 square miles and is located in the Sacramento Valley. The County is situated primarily between the Sacramento and Feather Rivers, with the southern boundary approximately 10 miles north of the City of Sacramento. The County’s jurisdictional boundaries are generally defined by Yolo and Colusa counties to the west, Butte County to the north, Yuba and Placer counties to the east, and Sacramento County to the south. Historically, most of the growth in Sutter County has occurred in its two incorporated cities—Yuba City and Live Oak. According to the 2010 U.S. Census, Sutter County’s total population was 94,737, while the unincorporated County area population was 21,420.
Sutter County is primarily an agricultural and rural county, with approximately 90% of its unincorporated land zoned for Agriculture. Some key issues/opportunities to consider in the new Housing Element include the following:

- Due to FEMA floodplain designations established in 2008 and State Local Flood Hazard Areas (LFHA) established in 2016, a large portion of the County lies within designated flood hazard areas. This results in challenges to property owners attempting to build new residences in these areas, as they must be elevated to be above the base flood elevation (BFE). In some areas of the County, the amount needed to elevate can be significant (i.e. 10 – 20 feet).
- The lack of public water, sewer, and other infrastructure within the unincorporated County area makes it difficult to accommodate large multi-family residential projects.
- Over the past year and in accordance with State requirements, the County has updated its Zoning Code to make it easier for property owners to apply for and receive approval of accessory dwelling units (ADUs). The Zoning Code was recently updated to allow for ADUs within the Agriculture District, in addition to Residential zone districts. It is envisioned the ability to construct ADUs will assist the County in meeting its RHNA requirements.

The process will consist of a review and ranking of the submittals by an evaluation panel consisting of representatives from the Development Services Department. Once ranked by the panel, the top ranked firms (three or fewer) will be invited to an interview to discuss their past projects of similar scope for a discussion concerning their approach and solution. Following the interview, the consultants will be ranked, and the preferred firm will submit a detailed scope of work and cost proposal for consideration. If Sutter County fails to conclude a satisfactory agreement with the top-ranked consultant, a new negotiation will be initiated with the next highest ranked firm. This process may be repeated until a contract is successfully negotiated.
The proposals from the Consultant shall contain the information identified in this RFP. Late submittals, submittals to the wrong location, or submittals with inadequate copies are considered non-responsive and will be rejected. Submittal of additional information after the due date will not be allowed until the short list is developed.

   (1) The County reserves the right to negotiate directly with any party responding thereto and may enter into a contract with any responding party regardless of price if it is advantageous for the County to do so.

   (2) No Public opening of proposals shall be required.

Upon successful negotiations with a Consultant, an Independent Contractor Agreement, attached as Appendix A, will be presented to the County Board of Supervisors for approval and execution, at which time the consultant services will begin immediately.

This RFP does not commit the County to enter into an agreement, to pay any costs incurred in the preparation of a proposal in response to this request, or to procure or contract for services. The County reserves the right to accept or reject any or all submissions received as a result of the request, to negotiate with any qualified firm, or to modify or cancel in part or in its entirety this RFP if it is in the best interest of the County to do so.
